

UAW Strike Closes Ford Plants

THREE SIXTH GRADE STUDENTS in the Summerfield School at Petersburg waited in vain for the first day of class. Cathy Bretnier, left, and Sherry Lowe, later learned the 40 teachers boycotted school because of a lack of a new contract with the school board. The glum expressions were photographed before the girls were told they have off until contract is signed. Boy at rear is unidentified. (AP Wirephoto)

No Classes Today For Half A Million

By JACQUELINE KORONA
DETROIT (AP) — Schoolbells did not toll for more than half a million Michigan students today as a rash of teacher pay disputes continued in Detroit and outstate.

One suburban Detroit teachers group — in Harper Woods — reached contract agreement with its school board only an hour before a court hearing was scheduled to begin on the board's application for an injunction to get teachers back to work.

A teachers' group won a court victory in another case.

In Detroit, some 300,000 schoolchildren got some unexpected time added to their summer vacation.

Detroit School Superintendent Norman Drachler put off indefinitely today's scheduled school opening after the Board of Education and Detroit Federation of Teachers reported little progress in negotiations.

Officials in at least 17 of Michigan's 34 unsettled districts outside Detroit said there would be no classes today.

A dozen self-styled "strike organizers" from the DFT's parent union, the American Federation of Teachers (AFT-CIO) flew to Detroit to work with the DFT and other affiliated locals that have not started teaching.

The Holland Education Association won a pre-dawn victory over a temporary injunction or-

dering teachers to report to their classrooms.

The State Court of Appeals granted an emergency stay of

Closed

Classes have been postponed for more than 600,000 youngsters at several of the nation's school systems have closed because of teacher salary disputes. The number could increase to more than two million by next week.

In New York the Board of Education accepted a proposal by Mayor John V. Lindsay's mediation panel for a two-year, \$125-million contract between the teachers union and the board.

In a telegram to the United Federation of Teachers the board called for a membership vote on the proposal. The union agreed to the vote but predicted the rank and file would reject it as the negotiating team had earlier.

The package would boost most teachers' salaries by \$1,050 over two years to a starting \$6,600 next September. The teachers had called for a scale from \$7,500 to \$15,000.

The union is also seeking a say in educational policy.

Detroit teachers have rejected a Detroit Board of Education contract offer of a \$6,400 to \$10,100 salary range. The current scale is \$5,800 to \$9,500 after 11 years.

Some 24,000 pupils in East St. Louis, Ill., are out of school and 50,000 in Fort Lauderdale, Fla.

The injunction issued Wednesday by Ottawa County Circuit Judge Raymond Smith. A hearing was set for Saturday in Grand Rapids on the matter.

Smith said that although the HEA and the Holland Board of Education have not reached contract agreement, the teachers' failed to indicate that they no longer desire to be considered employees of the Holland

School District" and therefore must report to work.

Kennedy Replies

Holland teachers had failed to report Tuesday and Wednesday as scheduled.

Dr. E. Dale Kennedy, executive secretary of the HEA parent group, the Michigan Education Association, took issue with Smith's position.

"In this decision, the court has ignored the obvious fact that neither the teachers nor the Holland Education Association has agreed to work for this employer," he said. Kennedy said Smith's decision called for "involuntary servitude."

Smith said he based the decision on Michigan's Hutchinson Act, which prohibits strikes by public employees, but fails to outline penalties.

Detroit Hearing

In Wayne County a hearing was set for today on the Harper Woods School Board's request for a similar injunction to get teachers back to work and the Saginaw School Board reportedly planned to seek such an injunction.

The MEA, meanwhile, asked the State Department of Education to put Wayne County's Crestwood School District in receivership after board bargainers walked out of a fact-finding session.

In a telegram to Gov. George Romney and Dr. Ira Polley, state superintendent of public instruction, Kai L. Erickson, MEA assistant executive secretary, charged Crestwood board bargainers were "spurning the very procedures which the governor has urged all parties to follow" by walking out of negotiations.

Royal Targon, attorney for the board, said the board would not participate in negotiations as long as teachers are "illegally on strike."

Teachers continue to maintain their actions are not strikes. "There isn't a walkout," one teacher said. "It's a refusal to walk in."

Teacher pickets marched all across the state Wednesday.

Damage estimates—though still unofficial—ran as high as 350,000 acres for the summer.

In western Canada—where officials say 200,000 acres have been blackened—a second mild Pacific front was reported en route.

In Oregon and Washington, most of the forest lands closed last week were being reopened.

Brainwash Claim Gets No Backing

WASHINGTON (AP) — Michigan Gov. George Romney's charge that he was brainwashed on Vietnam war policy during a 1965 visit to Saigon has drawn no support from nine other governors who accompanied him.

Most of the Democratic governors who made the trip with Romney, a likely candidate for the Republican presidential nomination next year, rapped his assessment of briefings given the touring politicians by military and diplomatic officials.

The Republican governors

Reuther Plays For Leadership Of U.S. Labor

By H.L. SCHWARTZ III
DETROIT (AP) — When Walter P. Reuther led his United Auto Workers out on strike against Ford Motor Co. today he was shoving in his stack in a high stakes poker game. The winner could determine not just a three-year contract, but direction of the U.S. labor movement.

Reuther's UAW, with 1.5 million members, is the second largest in the nation and the largest in the AFL-CIO, voice of U.S. labor and flagship of the worldwide movement.

It is no secret that Reuther has for years coveted the presidency of the federation, led by gruff, cigar-chomping George Meany, an ex-plumber who has risen to become the confidant of presidents.

Unions Merged

Reuther was head of the Congress of Industrial Organizations and Meany of the American Federation of Labor when the two merged in 1955.

Thirteen years younger than Meany, Reuther was long considered to be his likely successor despite increasingly differing philosophies. Meany is considered a conservative while Reuther is cast in the liberal's role and has accused Meany of pursuing policies that undermine U.S. efforts to ease Cold War tensions.

What doubt there had been about Reuther's ambitions were dispelled earlier this year when he and his lieutenants accused Meany of holding up progress in the labor movement.

Meany Attacked

In a series of open letters, news conferences, congressional hearings and White Paper, Reuther and his top aides attacked Meany, sometimes directly, sometimes by innuendo.

There were some who continued to discount Reuther's ambition to actually succeed the 73-year-old Meany, pointing out that Reuther himself was 59 (he's now 60).

But to others it was apparent that Reuther at least was making a bid to become the chief architect of a remodeled American labor movement.

Why else, the argument ran, would Reuther pick such a year as this — with the nation virtually at war, prices on the rise, the President concerned with inflation and a tax increase in the offing — to suddenly lance out at Meany while presenting to automakers what he acknowledges is the most ambitious list of contract demands in UAW history.

Timber Blazes End Is Sighted

By The Associated Press
An end to the Northwest's siege of timber blazes appeared in sight today as a break in summer weather gave fire fighters their first big advantage in weeks.

The remaining trouble spots—North Idaho and British Columbia—were expecting only light breezes and temperatures in the 70s and low 80s, the U.S. Weather Bureau said.

Elsewhere in the vast forest areas from the Pacific to Montana, mop up operations were under way.

A Pacific front which moved across the region Wednesday night brought an apparent end to a month of 90- and 100-degree readings.

Damage estimates—though still unofficial—ran as high as 350,000 acres for the summer.

In western Canada—where officials say 200,000 acres have been blackened—a second mild Pacific front was reported en route.

In Oregon and Washington, most of the forest lands closed last week were being reopened.

Inland Lake Coho

GAYLORD (AP) — Fishermen already are pulling one-pound Coho Salmon from the waters of Crooked Lake in Emmet County. The salmon were planted little more than a week ago.

The Department of Conservation office at Gaylord reports good catches of the one-pounders already have been taken.

MINUTES AFTER THE UAW STRIKE at Ford began Walter Reuther, president of the union, told newsmen that he was "most disappointed." Pictured here after negotiation sessions are: (left) Malcolm Denise, Ford's top negotiator and UAW President Walter Reuther (right). Behind Denise is Sidney McKenna, Ford's director of labor affairs. Behind Reuther is Ken Bannon, head of the UAW's Ford Department. (AP Wirephoto)

Que Son Valley Fighting Costs 124 Yank Lives

SAIGON (AP) — American Marines and some 4,000 freshly equipped North Vietnamese regulars locked in a fierce battle over the blood-stained rice paddies of the Que Son valley today with 188 Communist soldiers and 70 Marines reported killed.

More than two battalions of Marines sweeping through the paddies and bamboo stands west of Tam Ky hit the Communist force late Wednesday.

The battle raged through the night with the Marines and the North Vietnamese alternately charging.

There was frequent hand-to-hand fighting beneath the flickering yellow glow of parachute flares.

The battle raged less than a mile from the scarred field where 150 North Vietnamese soldiers were cut down Monday and Tuesday. The Reds have lost 338 killed and 23 captured in the valley in these two battles, and 219 Viet Cong were killed and 16 captured in an abortive attack on the town of Tam Ky early Wednesday.

Marine casualties in the Que Son valley fighting now total 124 killed and 278 wounded.

The battle 30 miles below Da Nang in the northern war zone was the only significant fight listed in the day's war communiqué. A storm over North Vietnam limited American air strikes Wednesday to 64—the leanest day in three months—but U.S. Air Force Thunderchiefs blew up tracks on the railroad to the Lang Con railroad bridge only 25 miles from the Red Chinese border.

U.S. headquarters reported 157 Americans died in action last week and 1,588 were wounded, about an average casualty figure despite the lull in the fighting during that period. But enemy casualties of 1,055 were reported, nearly 500 less.

Consumer Faces Price Increases

NEW YORK (AP) — Prices are headed up on a wide variety of products ranging from trucks to tennis balls.

The increases mean that the consumer will have to reach deeper into his pocket today for transportation, home building and furnishing, and leisure time activities.

Manufacturers contend that higher prices are necessary to meet rising costs of materials, labor, freight and taxes.

The price of steel bars, which are used for such things as industrial fasteners and railroad axles, just has gone up 1.8 per cent.

Earlier the steel companies had raised prices on hot rolled carbon and high strength plates, tinplate and tubular products. So far this year the increases have covered more than 40 per cent of industry shipments.

Cars Higher

Chrysler Corp. and Ford Motor Co. tentatively raised the wholesale prices of their 1968 model cars \$100, which would mean an extra \$125 at retail.

General Motors Corp. didn't disclose its intentions, but it was considered likely that GM would take similar action.

Chrysler and Ford said their raises were due not only to higher material and labor costs but to the antismog and safety devices required on 1968 models.

Radio Corp. of America boosted prices of 46 of its 1968 model color television sets 2 to 3 per cent—\$10 to \$55 on sets costing \$479.95 to \$1,650.

RCA said the raises were to "offset steadily rising labor and material costs which have spiraled far beyond our expectations in the past 90 days since we priced our 1968 models."

A tennis player is going to have to pay 10 cents more for a can of three balls manufactured by General Tire & Rubber Co.

Boosts Widespread

Price increases have been widespread recently in the rubber industry and cover tires and tubes; automotive belts, convey-

or belts, hose and other industrial products; shoe soles and heels; vinyl flooring and counter topping, and some plastic film and sheeting.

Admiral Corp. announced this week it will raise the prices of selected 1968 model refrigerators, freezers and room air conditioners 1.5 to 3 per cent.

Several big companies advanced prices of carpeting. Prices of liquid chemicals have also gone up.

A prolonged drought and a rash of major forest fires in the Pacific Northwest have resulted in price boosts for lumber and plywood.

Pope Paul To Extend Rest

VATICAN CITY (AP) — The Vatican announced today that Pope Paul's temperature has returned to normal again but said his period of rest will be extended.

The pontiff, who will be 70 on Sept. 26, returned to the Vatican Wednesday night after a sudden rise in his temperature prompted him to leave his summer residence at Castel Gandolfo, 15 miles south of Rome in the Alban Hills. He had contracted a cold, stomach cramps and fever Monday toward the end of his summer sojourn, but earlier Wednesday his doctors said he had recovered.

"The Pope had a night of calm rest," a Vatican bulletin said today. "This morning his temperature returned to normal."

Today's Chuckle

When the lady who was making out the application came to the little square headed "Age," she didn't hesitate. She simply wrote:

"Atomic."

DeGaulle Asks Poles Help To End Bombing

WARSAW (AP) — President Charles de Gaulle after a tumultuous welcome from nearly half a million Poles called on his Communist hosts Wednesday night to join France in getting the United States out of Vietnam.

The 76-year-old French leader, a longtime critic of U.S. policy in Vietnam, suggested that France is ready to undertake a bigger role in bringing peace to the Southeast Asian battleground.

"If an opportunity arises one day," France and Poland could join forces toward "bringing about an end to the bombing, fighting and presence of foreign armed forces," the French president said at a Polish state reception soon after he arrived for a six-day visit.

De Gaulle's speech omitted past criticism he had made of

the United States. He said Poland and France might join in efforts for peace because Poland is a member of the International Control Commission for Vietnam while France has "numerous ties and possibilities" linking it with its former Indochinese colonies.

Poland's last known Vietnam peace effort was in late 1966. Polish officials charged that efforts to arrange contacts between the United States and North Vietnam in Warsaw were sabotaged by U.S. bombing of Hanoi suburbs in mid-December.

De Gaulle said a Vietnam settlement should include the ending of hostilities and withdrawal of foreign troops, "next to establishing the internal and external political status provided for about 15 years ago by the Geneva agreements, and finally

a revival of this horribly bled and devastated area."

Speaking to Polish Communist party leader Wladyslaw Gomulka, President Edward Ochab and about 300 Polish officials and diplomats, De Gaulle restated his support for the present Polish-German boundary, which he said "must stay."

He went on to suggest for Poland a course more independent of the Soviet Union.

"Regardless of the weight of the world superpowers," he said, Poland and France should cooperate to "preserve and develop the essence of both our nations, their influences and power."

He said Polish-French relations could be improved "if myths are overcome and France and Poland organize political relations so as to consult each other on a special and regular basis."

Firm Rejects Reuther Plan Of Arbitration

By BILL SIMMONS
Associated Press Writer
DETROIT (AP) — The United Auto Workers Union struck Ford Motor Co. today, paralyzing operations in 25 states.

Negotiations were in recess with no new talks scheduled.

The walkout stopped production at Ford, which normally produces 8,000 cars a day, and raised the possibility of damage to its standing in the highly competitive market that General Motors and Chrysler will continue to feed with 1968 models.

As it lengthens, effects of the strike could spread through the steel, trucking and railroad industries which Ford uses heavily for materials and transport of its cars.

The company, second in size to GM in the automaking field, was last struck nationally in 1961.

Just 30 minutes before the Wednesday midnight expiration of the old three-year contract, Ford rejected a proposal by UAW President Walter P. Reuther for binding arbitration to dissolve the impasse.

By then, and with no sign of progress in eight weeks of bargaining, many of the UAW's 150,000 members at Ford plants already had walked off the job anticipating the strike.

President Johnson has said he fears the stoppage will damage the nation's economy.

Reuther "Disappointed"

Minutes after the strike began, Reuther told newsmen at Ford headquarters in suburban Dearborn that he was "most disappointed."

He had said earlier this year "this union is going to be tested" like it has never been tested before," and he told the news conference: "I think Ford workers are able to stand the test."

Henry Ford II, board chairman and grandson of the company founder, assailed the walkout as "totally unjustified and completely unnecessary."

He called it "a bludgeon against the public interest," and "tragic in its implications for the whole nation."

But he added he had no regrets about the decision to face the strike "rather than surrender to an unrealistic set of union demands." He also called the demands unreasonable, unconvincing and irresponsible.

"The strike will be costly, but the effects of an unsound settlement would be far more pervasive, longer lasting, and, in the final analysis, even more costly," Ford said in a statement.

The gap between the opposing positions was reflected in another news conference when Ford's top bargainer, Malcolm Denise, was asked if the two sides ever came close to a settlement.

"I think I can answer that with a flat no," he said.

Others Stiffen

General Motors and Chrysler, the other members of the Big Three, also stiffened Wednesday to the union demands. While agreeing to continue production and pay wages and benefits to workers according to contract provisions, they refused to extend the three-year pacts that expired with Ford's at 11:59 p.m.

Reuther renewed his charge that "there is a concerted effort by the Big Three to thwart free collective bargaining." Spokesmen for the companies said the charge was groundless.

Union and company spokesmen said a decision on when to resume negotiations may not come until Monday.

There was no indication that Ford would present a new offer. Only a day earlier, Denise told newsmen Ford had no new proposal and was not preparing one.

In its only proposal thus far, Ford offered a general wage boost of 13 cents an hour, plus 2.8 per cent the last two years of a proposed three-year contract.

The company said this would total a minimum of 34 cents.

The union demands, which Reuther calls "the longest and most ambitious in UAW history," have been estimated at from 90 cents to \$4 an hour per worker, compared to \$4.70 an hour per worker the companies now pay in wages and benefits.

Top UAW demands are for a substantial wage increase, an additional wage boost for skilled tradesmen, higher pensions, elimination of the disparity between Canadian and U.S. auto plant pay, and guaranteed annual income.

Lakes Dangerous:

Salmon Anglers Warned Of Peril

The water out there is deep and cold and currents are tricky, so be careful, the Department of Conservation warns coho salmon fishermen who go trolling in Lake Superior off Grand Marais.

"They are sticking their necks out when they venture forth in small boats under 18 feet long, sparse free-board, too many passengers in the boat, and poor life preservers," the Conservation Department advises.

The warning would apply, of course, to all fishermen on Great Lakes waters, but is particularly timely in the rush for coho now under way on Lake Superior.

In its weekly fishing report the Department notes that the best coho salmon fishing is in Lake Superior off Grand Marais, where most fish are being taken by trolling "flash" lures of various sizes and shapes. Fish are running 2 to 6 pounds. "A few coho are still coming into Thompson Creek near Manistique but the run there has fallen off considerably," it is reported. Coho are also reported being taken off Shell-drake in Whitefish Bay and off the mouth of the Big Two Hearted in Lake Superior.

Some lake trout in the two and three pound class are being taken by trolling off Grand Marais, also.

Rainbow trout are being caught off Grand Marais and the Two Hearted in Lake Superior, plus a number of large rainbow taken by angler trolling off Thompson Creek near Manistique, it is reported.

Clear Lake in Schoolcraft

County is also producing fair catches.

Some nice catches of brook trout have been made on the East Branch of the Fox River and they are also being caught on the upper Tahquamenon. Frank Lake in Luce County is producing brown trout.

Northern pike are hitting in many locations including Manistique Lake, Hay Lake and Ross Lake. Live bait is listed as the best lure.

Yellow perch catches are being made in Round Lake, Manistique Lake, Milakokla Lake, Indian Lake and the Manistique River.

Chips And Splinters

Contributions To Chips Welcomed

Dale Vinette, the shipbuilder and metal working wizard, is having the busiest year of his career and already his shop is booked for work that will keep his men busy all winter. He's starting the development of his yard on Little Bay de Noc and awaiting the first of the prefabricated buildings that will be erected there. It will be a fitting shed.

Vinette is in constant conversation with waterdogs and he says that many yachtsmen enjoying Escanaba marina this summer have asked him: "Why don't you let people know about this wonderful place?"

On a visit to the Chicago Yacht Club Vinette was asked by a skipper if our marina could accommodate his 50-footer and said "Yes, and 10 more like it!"

"I'm sure he didn't believe me," said Vinette. "We've got to get out the word that we've got a lot to offer. Several years ago a yachting directory publisher didn't give us much of a break because he didn't pick up much advertising here."

Delta Sending 15 Into Army

Fifteen Delta County men have been ordered to report for induction into the U.S. Army Monday, Sept. 11.

Mary M. Wagner, clerk of local Draft Board 21, said the men will report to the Selective Service office, 1103 Ludington St., at 8 a.m. and will be taken to the Milwaukee induction center by bus.

Some of the men ordered to report had been scheduled for induction in July, but the call was delayed when Milwaukee was sealed off by riots.

Leader of the group is John A. Calouette of Gladstone. Others ordered to report are Gary F. DeMars, Richard L. Menard, Michael B. Quinn, and Benjamin J. Yagodzinski Jr. of Escanaba; Richard C. Smith, Kerry F. Valiquette and Jerry A. DeRosa of Gladstone; Alan T. Depuydt, James A. Gerou, Donald F. Gerou and Michael J. Beauchamp of Perkins, and Earl F. Ansell of Garden.

Induction orders for Dr. Richard W. Sundling of Gladstone have been transferred to Bethlehem, Pa., and for Robert

G. Curtis of Gladstone to Oil City, Pa.

Miss Wagner said the tentative induction call for October is 26 men and orders to report will be mailed when the departure date is received. The tentative pre-induction call is for 11 men, she said.

Camp Cooks To Be Camporee Site Sept. 22-24

Red Buck District of the Boy Scouts will hold its fall camporee at Camp Cooks Sept. 22-24. The Rev. Charles Beckingham, Bark River, is in charge of registrations.

The scouts will sign in at 5 p.m. Friday and set up camp, make a 6 mile hike on Saturday and have lunch on the trail and perform a first aid problem. A full afternoon of events is planned and an evening campfire. Church services will be on the grounds Sunday.

The camp is reached by driving north from Nahma Junction 8 miles on Highway 13, then east on 442 for 3 miles and north on 2223.

Emergency Plan To Be Outlined At NMU Session

Federal and state officials will present a comprehensive program outlining Michigan's emergency plan in event of a nuclear attack Sept. 13 at Northern Michigan University, Mason E. Johnson, Delta County Civil Defense director announced today.

The program, scheduled in compliance with recent directives by Gov. George Romney to the Delta County Board of Supervisors and other area counties, will be held at 1:30 p.m. in the Brule Room of the college.

Officials from the U.S. Office of Emergency Planning, Dept. of Agriculture and the State Police, Office of Civil Defense and the Dept. of Treasury will conduct the program.

Ice formed in the sea is generally only about 10 feet thick. Ice islands may be more than 80 feet thick. The United States has one station on an ice island, T3. The Russians have two stations on ice floes, but none on ice islands.

Bridge Traffic Declines By 6%

Mackinac Bridge traffic for August dropped nearly 6 percent under a year ago due to several conditions that appeared to be affecting the entire state tourist industry, according to Prentiss M. Brown, Mackinac Bridge Authority chairman, in his monthly report of bridge statistics.

"Reports from various tourist areas indicate that August business was from 5 to 15 percent under last year. Operators attribute the drop primarily to unseasonably cool weather and concern over a strike in the automobile industry. Bridge traffic which was down from 8 to 12 percent during the early part of the month, recovered substantially during the latter part of the month, even going ahead of last year during the final weekend of August," said Brown.

Traffic dropped 5.8 percent from 300,652 crossings in August of last year to 282,342 crossings this year. Revenues were down 4.4 percent from \$1,267,483 in August a year ago to \$1,211,637 last month.

According to Brown, the discrepancy in the traffic and revenue figures is due to the fact that there was a substantial increase in pickup trucks mounted with camping units and cars pulling house trailers. The former were up more than 16 percent and the latter 32 percent. They pay slightly higher tolls than do passenger cars.

For the first eight months of 1967 traffic was down 1.2 percent from 993,912 vehicles last year to 982,053 vehicles this year. Revenues are off 1.1 percent from \$4,360,747 last year to \$4,312,241 this year. Truck traffic is up 9.8 percent, nearly all in the pickup truck classification.

Schaffer To London

S. Sgt. and Mrs. Robert LeClaire and children of Seward A. F. B. in Murfreesboro, Tenn. left Saturday for London, England where he will be stationed for four years. They spent a week with his mother, Mrs. Louise LeClaire, Sgt. LeClaire has served with the Air Force for 14 years.

Mr. and Mrs. Paul B. Sobolewski and family have returned to their home in Chicago after a visit with his mother, Mrs. Alex Sobolewski.

Henry Seymour and sons James and Richard and Joseph Grant returned Monday to Flint following a holiday visit with his mother, Mrs. Fred Perra and his brothers and sisters.

Mr. and Mrs. Clem LeBoeuf and sons returned to Milwaukee following a week's vacation with her parents, the John Daults.

Recent Guests

Recent guests at the Lawrence Mayrand home were Mr. and Mrs. Clement Mayrand and family of West Allis, Mr. and Mrs. Lawrence Mayrand Jr. and children of Racine, Mr. and Mrs. Jerry Mayrand and son and Mrs. Roger Mayrand of Milwaukee.

Mrs. Joseph LaFleur spent a week with relatives in Milwaukee.

U.N. Expected To Snub China

UNITED NATIONS, N.Y. (AP)—The annual campaign to seat Communist China in the United Nations has not even started yet and its failure is being predicted already.

Communist sources said Secretary-General U. Thant would get a request from some non-aligned and Communist countries this week that the General Assembly convening Sept. 19 should take up an item titled "Restoration of the Lawful Rights of the People's Republic of China in the United Nations."

Debate on that subject in recent years has always ended with the defeat of a resolution aimed to recognize Peking representatives as "the only lawful representatives of China to the United Nations" and to oust the Chinese Nationalists from all U.N. bodies.

Pro-Nationalist diplomats forecast that it would be voted down by about the same margin as last year.

Briefly Told

AMVETS Post 123 will meet today at 8:00 p.m. in the Club Rooms at 1311 N. 21st St. Harry Viav will be the chef.

The regular monthly meeting of the Teamster's Union Local 228 will be held Sept. 9 at 7:30 p.m. The ladies auxiliary will also meet at this time.

Carlton D. Smith, former Escanaba who has been employed for the past six years at Burton Abstract in Detroit, was a Labor Day visitor here.

St. Patrick's Home and School Association will hold its first meeting of the year Monday, Sept. 11, at 8 p.m. in the school library.

Gerald A. Larson of Wells received a traffic court summons from Escanaba police for failing to yield the right of way.

There will be an immunization clinic from 2 to 4 p.m. Friday at the Delta County Building. Measles shots will be available for children one to 14 years.

The Bay de Noc Toastmasters Club will meet at Marquis at 6:30 p.m. Monday, Sept. 11, and the speakers will be John Laine, Don Seymour and George McLaughlin.

Central U. P. Life Underwriters will meet at the Stone House in Escanaba Friday noon. There will be discussion of a training course to be offered this fall, and a program will be presented. All members are expected to be present and all Underwriters in the area are invited.

SPESQSA Chorus meets tonight at 7 at the Escanaba Yacht Harbor where a group picture will be taken. All members will wear full dress uniforms and report promptly. A moonlight cruise is scheduled after picture taking.

Wingless bacteria float in the air for days.

Douglas Heads Jr. Achievement

Junior Achievement directors at their annual organizational meeting, elected the following officers: George Douglas, president; Erling Arntzen, vice president; Walter Lewke, secretary; James Schultz, treasurer; Dwayne Burak, program advisor.

Douglas appointed the following committees: Finance: Percy Rosemurgy, John L. Greene, James Schultz; Business Center: Erling Arntzen, Guy W. Knutson, Dwayne Burak; Awards: John Anthony, James Fitzharris, Forrest Henslee; Publicity: Walter G. Lewke, Ralph Kaziatek and James Zimmerman.

Plans were formulated for the three Junior Achievement companies, which are sponsored by local businesses.

The center will open Oct. 2 or 9.

Recruitment of students at Holy Name and Escanaba Area High Schools will be made within a week.

In Service

Mr. and Mrs. Ivar Ingebritsen of Gladstone Rte. 1, with two sons in U. S. military service, recently said farewell to one and look forward to seeing the other.

A2c David Ingebritsen left Saturday for Kurok, Thailand, after spending five weeks with his parents. He will be in Thailand for one year.

Lance Cpl. Dwayne Ingebritsen has left Vietnam and will be arriving home soon for a 30-day leave. He will then report to Cherry Point, N. C.

The first Solid air was produced by Sir James Dewar of England in 1893.

Postal Services Celebration Set

Postmaster James E. Pryal announced plans today for the local celebration of Postal Services Day on Sept. 20, 1967.

In addition to having an open house at the Escanaba Post Office, there will be a display of old pictures in the post office lobby, city carriers will dramatize the day by distributing kits made up of eight postal cards which will enable 16,000 residents to update their mailing lists by having ZIP Codes added.

Each completed card will be sent to the post office which serves the address needing a code. There, the proper five digit number will be added before the forms returned to the owner. Postmaster Pryal explained, "No postage will be needed."

"I feel that a day dedicated to the importance of the Postal System in our growing city will be of considerable public value. Unfortunately, many of the services we offer today are little known to the public," said Pryal.

He noted that the Escanaba post office this year is marking its 103rd year of public service,

having started in 1864, when Eli P. Royce was appointed Escanaba's postmaster on June 28, 1864. The present post office building was completed in 1910 and was remodeled in 1932.

"Locally, the Escanaba post office today serves 16,000 people, with 46 employees," he added. "Mail volume has now reached a total of 21 million pieces annually. During the past year, service has been expanded to provide house delivery in sections of 14th St., 15th St., 16th Ave., 17th Ave. and Grand Ave."

"An announcement by Deputy Postmaster General Frederick C. Belen disclosed that starting Oct. 1, first-class mail and second-class mail would be moved in and out of the Upper Peninsula by air in a further effort to give the best possible service to patrons of this office and the other offices in the Upper Peninsula," Pryal said.

"I feel that this will be an appropriate time to call attention to the dedicated services of our employees, whose performance day in and day out is largely taken for granted," the postmaster said.

Strikes Slow Detroit Riot Rebuilding Plans

DETROIT (AP) — Mayor Jerome P. Cavanagh Wednesday called for quick settlement of auto industry and teacher disputes so Detroit may proceed with reconstruction plans following the worst rioting in recent U.S. history.

Cavanagh issued the call in a radio and television speech billed as a report to the people

on post-riot activity. Detroit's late July violence caused 43 deaths and an estimated \$250 million damage.

"Today in Detroit we stand amid the ashes of many of our hopes," Cavanagh said.

"As we face the awesome burden of restoring the city and repairing its physical, social and economic wounds, our task is compounded by the imminent threat of disruption in two of the most vital areas of the city's life—strikes in the public schools and in the automobile industry."

As Cavanagh spoke negotiators for Ford Motor Co. and the United Auto Workers Union faced a midnight strike deadline and Detroit School Supt. Norman D. Richer announced schools would remain closed until further notice because of failure to reach contract agreement.

"Inevitably Detroit will feel the first and fullest force of an automobile strike," Cavanagh said. "A teacher strike would also hit Detroit's residents hard."

He pointed out that 40,000 of the automobile industry's 240,000 Detroit area employees are Negroes "who would be off the job if all the automobile companies were shut down by the strike."

"Similarly," he said, "of the 300,000 school children attending the public schools in Detroit, 171,000 or 55 per cent are Negroes who would be deprived of schools and schooling—the very most critical need—in the event of a teacher strike."

Woleske Resigns Mayor's Position At Marinette

MARINETTE — Mayor Edward Woleske has submitted his resignation to the City Council to accept a position with the federal government.

In a letter to the Council, Woleske said "recent developments have made it necessary for me to consider seriously a change in employment" and that due to "a generous offer" he must resign, effective Dec. 15.

Woleske declined comment on his new position, except to say that it would be with the federal government. He was serving his fourth term as mayor.

Council President William Hansen will assume the mayor's responsibilities until next April when an election will be held.

St. Peter's in Rome was dedicated in 1662, but it is still not complete.

THIS BLACK BEAR was shot by Roger Jachim, 429 S. 15th St., Escanaba, as the animal foraged at the Ensign Township Dump east of Rapid River Tuesday evening. Jachim dropped the 200-pound male bear with one shot from his rifle, and took it to a freezer in Rapid River, where it was photographed by the Daily Press. It was the 84th bear to be taken by hunters in the Upper Peninsula since the season opened on Sept. 1. The Conservation Department reports that one of the bears, shot in the Baraga District, was red in color. Seven of the 84 bears were shot in the Escanaba District, 63 in the Baraga, four in the Crystal Falls and 10 in the Newberry Districts.

Estate And Gift Tax Reforms To Change Burdens

WASHINGTON (AP) — The Johnson Administration is nearing completion of a tax reform package incorporating the first overhaul of estate and gift taxes in a quarter century. But the revision is unlikely to touch the 27 1/2 per cent oil depletion allowance.

As now contemplated, the tax reforms would apparently result in no tax windfall for the Treasury Department but would basically represent a shifting of tax burdens.

This would run counter to supporters of a congressional drive to tighten exemptions and special preferences in the present tax law to reduce or even eliminate the need for a tax increase.

One of the targets is the oil depletion allowance which some critics want lowered to 15 per cent.

The depletion allowance is a portion of the income from producers' sales of petroleum which is exempt from taxes. The theory behind it is that the sales represent disposal of capital assets rather than net gain.

Opponents of the allowance have tried unsuccessfully for years to lower it. Present indications are that they'll get no help from the administration this year.

Instead, the reform program is expected to cover estate and gift taxes, industrial development bonds, tax-exempt foundations and churches, and the multiple exemptions corporations sometimes claim by set-

Cheboygan Home Blast Hurts One

CHEBOYGAN (AP) — An explosion and fire in a Cheboygan home Wednesday injured one man and caused an estimated \$25,000 damage. Dean Moody, 26, of Cheboygan suffered second degree burns but was in good condition after flames destroyed a home where he and another man were laying floors, police said. Police said the workmen were using a highly flammable material.

'Astrobugs' Will Blast Off Today

CAPE KENNEDY, Fla. (AP) — A biological research laboratory filled with millions of bugs and plants is set to rocket into orbit as the first part of a space doubleheader.

The cargo of "astrobugs" is to rocket skyward today in the Biosatellite 2 spacecraft, between 3 and 3:30 p.m. EDT. Less than 13 hours later, at 3:39 a.m. Friday, Surveyor 5 is to blast off from another Cape Kennedy launching pad, aiming for a soft landing on the moon. Biosatellite 2 is to circle the earth for three days while its specimens grow, reproduce and eat to determine what happens to biological processes when subjected to weightlessness and radiation.

Aboard are such things as parasitic wasps, frog eggs, flour beetles, amoebae, vine gnats, wheat seedlings, pepper

Market Holds Dwindling Gain

NEW YORK (AP) — The stock market held a dwindling gain early Thursday. Trading was active.

Auto stocks were mixed as the union called a strike against Ford.

Ford, after holding unchanged in initial dealings, took a fractional loss. General Motors and Chrysler were steady to a shade higher, American Motors was easy.

Allis - Chalmers took a 2-point loss and Collins Radio sank nearly 3. RCA and Alcoa were up a point or so.

Xerox slumped more than 3.

Romney Plans 20-Day Junket

LANSING (AP) — Michigan Gov. George Romney says he will leave Monday for a 20-day trip across the nation to study local problems and programs.

Romney, a front runner among potential 1968 Republican presidential candidates, said last month that he was postponing a scheduled trip to Europe to make a tour of U.S. cities, many of them scenes of recent rioting.

The governor explained that he wanted "to take a fresh look across the nation at the domestic problems in housing, jobs, education, law enforcement, health and human relations."

The trip "will be helpful in shaping programs for Michigan and in reappraising national, state and local priorities in the use of our resources," Romney explained.

The itinerary, released by the executive office, calls for Romney to travel from Detroit to Washington, D.C., Monday, and to spend Tuesday and Wednesday in the nation's capital.

He will appear before the President's Special Advisory Commission on Civil Disorders on Tuesday to testify concerning July rioting in Detroit.

The schedule includes visits to Rochester, N.Y., Sept. 14; New York City, Sept. 15-17; Indianapolis, Ind., Sept. 18; St. Louis, Sept. 19; Chicago, Sept. 20; Milwaukee, Wis., and Minneapolis, Minn., Sept. 21; San Francisco, Sept. 22-23; Los Angeles, Sept. 23-25; Atlanta, Ga., Sept. 26; Williamsburg County, S.C. Sept. 27; Pittsburgh, Pa. Sept. 28; Philadelphia, Sept. 29; and Boston, Sept. 30.

Musical Theft

PITTSBURGH, Pa. (AP) — Police are looking for a music-loving thief who swiped 2,225 record albums from the Fenway Record Corp.

Aid For Park

WASHINGTON (AP) — The Michigan Department of Commerce has been awarded \$15,270 by the Department of Interior to construct a toilet-shower building in Algonac State Park.

Guard Seeking A 'Mock Riot' Site

LANSING (AP) — With original plans to train under realistic "mock riot" conditions cancelled, Lansing National Guardsmen are proceeding with other phases of required riot control training—at an armory.

The guardsmen currently are holding exercises in mob control on squad, platoon and company level, accompanied by classroom instruction in anti-riot measures.

The guard originally had planned to hold realistic drills in condemned buildings on the city's east side, but a storm of public criticism, mostly from civil rights groups, forced the cancellation.

The "mock riots" had been designed to allow the guard to perfect riot control techniques, particularly antisniper training in surroundings similar to those that would be found in actual combat.

The guard still is searching for an area in which to hold the field drills.

"We just don't know of a logical place to hold it," says Lt. Col. Russell Hagerman, 46th Infantry Division training officer.

"We could have it at the armory, but we'd be kidding ourselves if we tried to conduct it there rather than in a real urban setting,"

Maj. Gen. Cecil Simmons,

commanding general of the 46th Infantry, says the drills will have to be held somewhere, possibly at Ft. Custer or Camp Grayling.

Hagerman says some other guard units are receiving antisniper training in a barracks area at Ft. Custer while some Upper Peninsula units are using abandoned mining ghost towns.

The training is part of a 32-hour course in anti-riot tactics ordered by the Defense Department following recent rioting across the nation.

Draws \$50 Fine On ID Charge

Robert Ryan, 1403 10th Ave. S., paid a fine of \$50 and costs of \$5 in Municipal Court recently after he pleaded guilty to a charge of using false identification in attempting to purchase alcoholic beverages.

Ryan was arrested by Escanaba police on complaint of Leslie Lark, owner of Harry's Bar, 123 N. 10th St.

Six tons of caviar were listed among provisions brought to the Moskva restaurant in the Soviet Pavilion at Canada's Expo 67.

Peninsula Men Among Nation's Civic Leaders

The Board of Advisory Editors of Outstanding Civic Leaders of America announced today that three Upper Peninsula men have been chosen for inclusion in the 1967 edition of this national publication.

They are: Wilbert H. Treloar, 713 West College Ave., Marquette; Robert J. Anderson, 617 A St., Iron Mountain; and Dean R. Rhoads, 316 Maple, Manistique.

Outstanding Civic Leaders of America is an annual biographical compilation of approximately 6,000 civic leaders from all parts of the nation. The men and women included were nominated earlier this year by local city officials, Chambers of Commerce, and civic groups.

The publication was conceived by leaders of the nation's civic organizations to nationally recognize persons who give their time for community development and inspire others to greater community service.

The big muscle that holds the two shells together is the only part of the scallop that is eaten.

Missionaries To Tour Peninsula

P. D. Wilmeth of Dallas, Texas, will make a missionary survey and study of the Upper Peninsula Sept. 9-14 with W. S. Hawley, Escanaba missionary, for the Church of Christ on the area's mission work, needs, problems and opportunities.

Mr. Wilmeth is a writer, preacher and lecturer. His books include "The Christian Home," "A Father Talks To a Teenager," and "Love, Courtship and Marriage."

After the tour Mr. Wilmeth will make his findings available to the Church of Christ to guide its U. P. program and will use some of the materials in articles for church publications. The churchmen will visit Iron Mountain, Houghton, Marquette, Sault Ste. Marie and Escanaba and Mr. Wilmeth will lecture in each Church of Christ in the U. P.

P. D. WILMETH

Auditorium May Be New Library

The possibility of acquiring the Bonifas Auditorium building for public library purposes is being explored by the Escanaba Library Board. It is reported by City Manager George Harvey in his news letter to the City Council.

The Bonifas Auditorium is on 1st Ave. S. opposite St. Joseph's Church and is owned by the Catholic Church. It was built with funds that were the gift of the late William Bonifas, millionaire lumberman.

"In talking with some of the members of the Library Board, it is my understanding that the Federal and State governments will lend financial help to the purchase of a structure that could be utilized for such a library facility," the city manager reported.

The Library Board has been exploring the Federal assistance program with the hope of coming up with some sort of a recommendation for new facilities, Harvey explained.

"Although there has been no definite decision on the part of the Board, they have been looking into the possibility of the utilization of the Bonifas Auditorium building as a possible library building," he continued.

"Dependent on what the costs were to renovate, I would imagine the location is a good one and the area adjacent thereto would be very suitable for the parking of vehicles."

Other matters reported on to the Council by the city manager included public works progress, with summer paving projects expected to be completed by the middle of this month. Then crack filling and patching will be done to prepare the streets for winter.

The city's municipal steam plant has been closed with the sale of the gas utility and the conversion by the central steam heat customers to natural gas heating. The large smoke stack at the steam plant will be removed this month—"if we can find a crane with a long enough boom to handle it," Harvey said.

The city is making progress toward the construction of a new recreation building at the watertower site, with final working plans for the structure about 50 per cent complete.

"Final plans should be ready for the Council meeting of Sept. 21 and bidding on the construction of the building could begin as early as Oct. 15," the manager reported.

Through Paul Vardigan, city recreation director, the city is accumulating information about the feasibility of a swimming pool for the community. Vardigan is meeting with representatives of indoor swimming pool engineering firms in assembling information.

Pontiac Terms 1968s 'Safest'

DETROIT (AP) — Pontiac introduced its 1968 models Wednesday and called them "the safest automobiles ever built" by the Pontiac division of General Motors.

The 33 new models were previewed for more than 200 newsmen.

John DeLorean, Pontiac general manager, said the division expected to sell around 950,000 units for the 1968 model year. This would be the 115,000 the previous sales record of 835,000 set in the 1967 model year.

DeLorean said Pontiac was continually increasing its penetration of the auto market.

"Seven years ago," he said, "we were getting 6.8 per cent of all domestic sales. This year we are obtaining 10.8 per cent—the first time we have ever topped the 10 per cent mark."

Great emphasis and much thought, he added, were given to insure the maximum safety for each occupant of the car.

He listed several new safety features on the new Pontiacs, most of which are required by the federal government to be on all makes of autos for 1968.

Forest Land Usage To Fix U.P. Income

The state told the Wood Industries Committee of Operation Action-U. P. on its recent tour of Upper Peninsula wood using industries at its Newberry stop that there's a heck of a lot more money to be made from U. P. forests if the right decisions are made.

The speaker was Ray E. Pfeiffer, staff forester in charge of resource development for the Forestry Division of the Michigan Department of Conservation. Pfeiffer is an authority on the U. P. wood resource.

His concern in addressing the wood industry tour members at Newberry was with who's going to make the decision about how the forest resources of the Upper Peninsula are going to be used, and who is going to influence the person who makes the decisions. He urged the committee members to be active in the process.

Land Limited

Whether forest land is used for a park, or private hunting ground, whether it produces veneer logs or pulpwood, makes an enormous difference in income in the area, Pfeiffer said.

He said forest lands would be under increasing public pressures for recreational usage and that, although they now are growing more wood than is being harvested, by the year 2000 much more wood will be needed and there will be less land on which to grow it.

Forest land usage in the U. P. varies enormously in production of income. Finished products of veneer bolts may contribute \$1,000 per cord of wood used. Pulpwood for export to Wisconsin mills may bring \$22 per cord of wood used, while pulpwood used in U. P. mills may bring \$350 a cord in consumer expenditures.

Usage Is Cost Key

Lumber production may bring \$35 - \$75 a cord. A private hunting club which sells none of the timber on its land may bring the equivalent of \$4-\$5 per cord for the timber which matures and is lost. But if such lands were harvested they could contribute more to the economy of the area.

Pfeiffer's estimate of 1966 dollar values on timber products and industries in the U. P. was:

Pulpwood, 837,000 cords, with an average just under \$20 per cord on cars or delivered, worth \$16.6 million on cars or delivered in Michigan. Exports to Wisconsin of 580,000 cords of this gain freight cost values of over \$4 million.

Pulping, paper, paperboard or insulation board industries in the U. P. use 250,000 cords, adding \$70 to \$85 million to product values.

Cedar Industry

Sawlogs at 165 million board feet were worth at least \$8.2 million as logs delivered to mills, and \$20 - \$25 million as products, mostly lumber.

Veneer logs totaling 6-8 million board feet were worth possibly \$1.5 - \$2 million as logs and \$10 - \$15 million as products.

Charcoal produces probably \$12 million in products.

Cedar products manufacture uses 3.5 million pieces or about 50,000 cords worth about \$700,000 in Michigan and about \$3 million as products sold.

Miscellaneous products like mine timber, poles, etc., totaled about 20,000 cords worth \$400,000 delivered as material and worth \$1 million in products.

Pfeiffer estimated 1.1 million cords of timber worth \$28-\$33 million as logs and worth \$117-\$137 million as products with a potential dollar volume of \$200-\$300 million in the U. P., whose timber growth now exceeds 3 million cords per year, with a commercial use for only 1.1 million cords.

The forester's forecast of what will happen to U. P. wood industry was a highlight of his talk to the wood industry group.

Charcoal From Trim

Cedar harvest will stay level or go up, he suggested, depending on the national economy, because the biggest market for its products (vacation housing, rustic fencing, etc.) is for luxury items.

It is doubtful, thinks Pfeiffer, that the charcoal industry—down to one plant in the U. P.—will be able to compete with other demands for standing timber, but it may well benefit as cutting of hardwood pulpwood uncovers more and more low quality wood in cull trees and as new equipment creates by-product materials, such as limbs, sawmill trim, etc.

New Era Sawmills

A decline in veneer manufacture is expected until new veneering equipment comes into use in the U. P., which can make the veneering of smaller bolts and lower quality wood feasible.

Lumber production is in a period of erratic movement as old, inefficient operations fold up, new mills are built, tariff changes affect the markets and new stability is built into the industry. Following this period, a firm upward trend is expected as better management and more efficient equipment and methods take advantage of increasing supplies of raw materials.

Library Most Important

President Harold E. Sponberg, who has headed the university since the fall of 1965, calls it "the most important building we've built."

The library has a student capacity of 1,800 and shelves for 360,000 volumes. That is four times the student capacity and twice the volume capacity of the old Mark Jefferson Library.

Between 1962 and 1967, the budget for building in that category was \$8.4 million. For the next five years it is \$37 million.

One of the first things you notice if you didn't visit the campus recently is the university's new \$2.7-million ultramodern library located at the center of the educational complex.

Expand Campus

The size of the campus has almost doubled—from 200 to 382 acres—with recent land purchases to the northwest of the original campus.

And major construction projects have changed the face what was known in the past as the Normal School of Michigan State Normal College and Eastern Michigan College.

Since 1962 student housing projects totaling \$13 million have gone up. In the next five years residence halls and married housing apartments totaling \$34 million are planned.

The construction time table for classroom and academic buildings is even more ambitious.

Between 1962 and 1967, the budget for building in that category was \$8.4 million. For the next five years it is \$37 million.

One of the first things you notice if you didn't visit the campus recently is the university's new \$2.7-million ultramodern library located at the center of the educational complex.

Library Most Important

President Harold E. Sponberg, who has headed the university since the fall of 1965, calls it "the most important building we've built."

The library has a student capacity of 1,800 and shelves for 360,000 volumes. That is four times the student capacity and twice the volume capacity of the old Mark Jefferson Library.

Between 1962 and 1967, the budget for building in that category was \$8.4 million. For the next five years it is \$37 million.

One of the first things you notice if you didn't visit the campus recently is the university's new \$2.7-million ultramodern library located at the center of the educational complex.

Ypsi University Growth Comes On With A Rush

By VIRGINIA MCINTOSH
YPSILANTI (AP)—Big Three look out. Here comes Eastern Michigan University.

A sleepy little teacher training college no longer, EMU is now the fastest growing four-year institution in the state.

Some 14,700 students are expected this fall as the University races to catch up with Michigan's three largest universities—Michigan State, Wayne State and the University of Michigan.

It didn't happen overnight, but almost.

Five years ago, 5,902 students attended EMU. This fall's enrollment is a 140 per cent increase.

Admissions officials are preparing for 26,000 by 1973.

Enrollment figures are not the only things that are growing—old grads wouldn't recognize the place.

Library Most Important

President Harold E. Sponberg, who has headed the university since the fall of 1965, calls it "the most important building we've built."

The library has a student capacity of 1,800 and shelves for 360,000 volumes. That is four times the student capacity and twice the volume capacity of the old Mark Jefferson Library.

Between 1962 and 1967, the budget for building in that category was \$8.4 million. For the next five years it is \$37 million.

One of the first things you notice if you didn't visit the campus recently is the university's new \$2.7-million ultramodern library located at the center of the educational complex.

which is being remodeled for classrooms.

Behind the library, a seven-story classroom is under construction. The \$7.9-million, 75-classroom structure will be the largest classroom building on the campus and in the state.

It and a \$6.95-million science classroom building scheduled to be started this year are a major effort to eliminate a critical classroom shortage caused by the growth.

University officials are hoping construction on two more classroom buildings can begin in 1968-69.

Dorms Added

In the meantime, 10 mobile classrooms were installed this year to help fill the gap. New residence halls also dot the campus and are being constructed at a dizzy pace.

In 1964, West Hall increased student accommodations by 300. The following year, Best Hall added the same number of living spaces.

Last fall, two dorms, Phelps and Sellers, were opened to house 600 students. This fall, Walton and Putnam Halls will house 600 more.

Construction began recently on a \$7.89-million residence complex of three 11-story towers which will replace the landmark Ypsilanti water tower as the highest point in the city.

The complex will house 1,400 students. A similar project is now on planning board.

Since 1964, the rate of construction has multiplied more than four times.

That pace is called absolutely necessary by EMU.

Last fall, the residence hall overload was 26 per cent and campus housing officials appealed to Ypsilanti residents to make space available in their homes to students.

Slightly less than half the university's growing undergraduate enrollment wants to live on campus. About 30 per cent commute from their homes in Westland or Wayne counties.

The rest, slightly more than 2,000, rent apartments or rooms in the Ypsilanti area.

Biggest Industry

The demand for off-campus housing has encouraged private developers to construct luxury-type student apartments near the campus.

Last year, 51 apartment buildings were constructed. An estimated 20 have already been started this year. Many of them are being built specifically for University students.

There is no way to estimate the effect EMU has on Ypsilanti's expanding economy through this type of construction and in other ways.

Chamber of Commerce Manager Donald O. Ruffler does not know how many thousands of dollars EMU boosts local economy with student and faculty purchases and as a major industry itself. All he can say is that "EMU is the biggest industry we have."

Tipster Is Shot; Seek Flint Man

FLINT (AP)—A 21-year-old Flint man was sought today for questioning in connection with an attempt to assassinate a police tipster.

Object of the nationwide hunt was Loren Jolly, who is wanted in the investigation of the shooting of Charles Thomas, 49, also of Flint, in a motel outside Pittsburgh, Pa., Sunday.

Police said Thomas was struck by two bullets, one of which shattered his jaw and the other which lodged at the base of his skull.

Details of the shooting were withheld until Wednesday by Pittsburgh police, who reportedly were concerned over the possibility of a second attempt on Thomas' life if word leaked out that he was still alive.

Hippies Protest Pollution Of Air

NEW YORK (AP)—The flower children were handing out posies dipped in dirt.

The two-score hippies demonstrating outside Consolidated Edison Co. headquarters Wednesday said they were protesting air pollution.

"Breathing is bad for your health," read their banner. They ignited three smoke bombs and dashed soot on a company guard before fleeing when someone said police were coming.

Con Edison said later in a statement that it is fighting air pollution and called the hippies "misguided people with a penchant for publicity."

Briefly Told

Marriage license applications have been made at the County Clerk's office by the following couples: Robert James King, Rte. 1, Gladstone, and Catherine Mary Cremins, Box 396, Gladstone; Howard Eugene Larson, Rte. 1, Gladstone, and Lynn Elizabeth Leonard, 318 N. 18th St.; Robert William Miller, 1023 8th Ave. S., and Judith Ann Stearns, 502 N. 11th St.; Gladstone; Jerry Neal Clark and Barbara Jean Broman, both of Fort Meade, Md.

British Call Probe In State-Run Industries

LONDON (AP)—Beset by economic worries, Prime Minister Harold Wilson's Cabinet today authorized a full-scale probe of the fiscal management of Britain's state-run industries.

One aim of the move, reported by government sources, evidently is to meet spreading criticism of announced or planned rises in electricity and gas prices.

Under fierce attack from major labor unions as well as their Conservative opponents, Wilson's ministers also ranged over other aspects of the nation's economic difficulties.

These included demands by the Trades Union Congress of nine million organized workers for action to halt rising unemployment; by Conservative Leader Edward Heath to investigate the need for a 16 per cent rise in the cost of electric power; and by railmen who have threatened go-slow tactics unless their pay is increased.

But the word after the Cabinet's two-hour meeting was: "There is just about no chance of a downturn in Britain's 560,000 unemployment total before early 1968 at the soonest."

The government for the cannot intervene to prevent increased electricity charges.

—Labor Minister Ray Gunter will press on nonstop in his efforts to avert the threat of chaos on the railroad likely next week unless a settlement of the pay dispute is reached.

The government's decision to look into the fiscal policies of state-run industries appears to have political as well as economic motives.

In Britain the railroads, electricity, gas and coal industries are nationalized.

General Strike Called In Aden

ADEN (AP)—An Arab nationalist group shut down business in Aden today with a general strike after a battle in the streets with a rival nationalist faction left 27 Arabs dead.

The Arab army of the South Arabian Federation moved to halt fighting between the two groups, which seek to control the federation after it becomes independent of Britain Jan. 9.

The Federation for the Liberation of South Yemen—FLOSY—called the strike. The National Liberation Front—NLF—opposed it.

Street fighting between the two broke out Wednesday after Britain offered to let nationalists form the government of the federation, composed of Aden and 16 sheikhdoms and sultanates along the southern coast of the Arabian peninsula.

Reliable sources said the house-to-house fighting in Aden killed 12 members of the NLF and 15 FLOSY men.

The army prepared to move into the border town of Dar Saad, where FLOSY has been trying for two days to wrest control from the NLF. It announced it would take charge in all Arab trouble spots and demanded that the NLF and FLOSY accept British terms for negotiations on a new federation government.

Tax-Sharing Panel Seeks \$4 Billions In Federal Funds

WASHINGTON (AP)—Gov. George Romney of Michigan labeled as "promising" a meeting Wednesday at which he and two other governors met with mayors to discuss possible tax-sharing programs.

Romney said there was a complete exchange of viewpoints on tax-sharing, but that no conclusions were reached.

Romney, Gov. Philip H. Hoff of Vermont, and Gov. Dan K. Moore of North Carolina, met with the mayors as members of the Governors Conference Committee on State and Local Revenue. The committee will report to the National Governors Conference in October.

The group is in agreement, Romney said, that it is desirable to continue the joint effort.

Romney said there have been proposals that as much as \$4 billion in federal income taxes be returned to the state and municipalities for various programs.

Tipster Is Shot; Seek Flint Man

FLINT (AP)—A 21-year-old Flint man was sought today for questioning in connection with an attempt to assassinate a police tipster.

Object of the nationwide hunt was Loren Jolly, who is wanted in the investigation of the shooting of Charles Thomas, 49, also of Flint, in a motel outside Pittsburgh, Pa., Sunday.

Police said Thomas was struck by two bullets, one of which shattered his jaw and the other which lodged at the base of his skull.

Details of the shooting were withheld until Wednesday by Pittsburgh police, who reportedly were concerned over the possibility of a second attempt on Thomas' life if word leaked out that he was still alive.

than the week before and the lowest enemy total since last April.

The U.S. casualty totals were up from 125 reported killed and 1,074 wounded a week earlier.

Enemy casualties last week were 1,507 in the previous week. The enemy total was the lowest since the week ending last April 22, when 980 were reported killed.

Action in the ground war had been relatively light for about two months until early this week, when Communist forces began showing signs of readiness for renewed action in the northern zone defended by the Marines.

Police Hunt Man Charged In Killing Of 3 Auburn Girls

AUBURN, Ala. (AP)—Three young girls were slain today, and a former suitor of another girl who escaped was charged with three counts of murder.

Police Chief Fred Hammock said three warrants were issued for Edward Albert Seibold, 21, a former Auburn University student who once dated an older sister of two of the slain girls. He was not apprehended immediately.

The victims were identified as Mary Lynn Sinclair, 9; her sister, Sarah Elizabeth Sinclair, 18, and Mary Durant, 8. Police said Mrs. Juanita Sinclair, about 40, a widow and the mother of two of the victims, was wounded.

Officers said two other Sinclair sisters, Kathy, 20, and Fay, a teenager, were in the house but escaped. The killings occurred at the family's two-story home in downtown Auburn.

Police said Kathy had once dated Seibold. They said also that Seibold was once put under a peace bond to stay away from the Sinclair residence.

Senators Probe Detroit's Riots

DETROIT (AP)—An eight-member team of U. S. Senate investigators moved into Detroit today to open what they called a "fact finding probe" into the causes of the city's July riots.

Alphonse Calabrese, chief investigator for the subcommittee headed by Sen. John McClellan, said he expected the investigation to last several weeks.

"I can't tell you who we will be talking to or meeting with," Calabrese told a reporter. "In fact, we would just as soon avoid as much publicity as possible."

Losers Seek To Void Viet Vote

SAIGON (AP)—Six civilian presidential candidates in South Vietnam asked the Constituent Assembly today to void the election of Nguyen Van Thieu, claiming they have evidence it was rigged.

"Each of us is making separate complaints. I have six," said Truong Dinh Dzu, the Saigon lawyer who ran second to Thieu and his running mate, Premier Nguyen Cao Ky, in the election last Sunday.

The government countered with charges that the Viet Cong electioneered on behalf of Dzu. The official government news agency Vietnam Press quoted a

captured Viet Cong to back up the charge.

Four of the candidates told newsmen they are joining with four others defeated in the election to form an antigovernment front that does "not recognize these fraudulent elections."

"We are asking for a nationwide recount of all the provinces," Dzu said.

The assembly must rule by Oct. 2 on all charges of election irregularity. If it finds too many of them, it can nullify the election and call a new one.

Most of Saigon's Vietnamese-language newspapers printed an Associated Press report from Washington that expert official analysts there noted Dzu's areas of voting strength included some of the most insecure in South Vietnam and considered it conceivable that there was some Viet Cong support for him.

Vietnam Press claimed that police in Kien Giang Province had captured a Viet Cong agent whose "confession" said the Viet Cong had "ordered their subordinates to urge the people to vote for the Truong Dinh Dzu slate."

The agency said sources told it the Viet Cong had made the order because Dzu "is one of the friends of lawyer Nguyen Huu Tho, chairman of the South Vietnamese National Liberation Front," the political arm of the Viet Cong.

Brainwash Claim Gets No Backing

vision interviewer asked Romney what had changed his earlier view that U.S. involvement in Vietnam was morally right and necessary.

"When I got back from Vietnam," replied Romney, "I just had the greatest brainwashing that anybody can get when you go over to Vietnam. Not only by the generals but by the diplomatic corps over there, and they did a very thorough job."

Democratic Gov. Philip H. Hoff of Vermont, one of those who traveled with Romney said of the charge "Who the hell

Women's Activities

BACK TO THE horse and buggy days, at least for a time are newlyweds, Mr. and Mrs. Harold Anderson, following their marriage Saturday, Sept. 2 at St. Anne's Church in Escanaba. They are pictured as they prepare to leave the church following the ceremony. The rig is owned by Mo Saykily of Escanaba. The bell on the left side of the buggy (not pictured) is an original Swedish bell. The Andersons are residing in Escanaba following their "Old Fashioned Wedding." (Gordon Nelson Photo)

Bethany Sunday School Opens This Sunday

Dr. Walfred E. Nelson, pastor of the Bethany Lutheran Church, announced today that church school sessions will convene this Sunday, Sept. 10 at 9 a.m.

Sessions will be held for all children three years old through 10th grade in public school this year.

Pre-School children through third grade will have Cherub Choir rehearsal at 9 a.m. and class sessions from 9:45 until 10:25 a.m. Pupils in the fourth grade through ninth will have class from 9 until 9:40 a.m. and Children's Choir from 9:45 until 10:25 a.m.

The Cherub Choir is under the direction of Mrs. Arthur W. Olson. The Children's Choir is in charge of Mrs. Olson and Don Aronson. All children are urged to take part in the choir.

Teachers in the Bethany Lutheran School this year will be: Mrs. Glenn Tollefson, Miss Joanne Petersen, Mrs. Peter Adami, Mrs. Albin Peterson, Miss Bonnie Peterson, Mrs. Kenneth Buckland, Mrs. John Rolig, Mrs. Alan Sanville, Mrs. William Johnson, Mrs. Wilbur Slye, Miss Judy Potvin, Mrs. Lowell Sundstrom.

Clyde Nyquist, Bill Mulvaney, Mrs. Nicholas Denessen, Don Aronson, Lawrence Haack, Miss Jean Ringstrom, Mrs. Joseph Petersen, David Dahlquist, Miss Gladys Swanson, Mrs. Frank Neumeier, and Roy Hivala.

All children in the community who do not attend any other Sunday School are invited to enroll at Bethany Lutheran this Sunday. The Bethany Church is located at the corner of 1st Ave. S. and 11th St. in Escanaba.

Mrs. Victor E. Fiedorowicz (Preston's Portraits)

Betty J. Webber Bride Of Victor Fiedorowicz

St. Bruno's Church in Nacau was the setting Saturday, Aug. 26 for the wedding of Betty Jean Webber of Carney and Victor E. Fiedorowicz of Crivitz, Wis.

Officiating at the double ring ceremony at 11 a. m. was the Rev. Ralph J. Sterbentz. The church altars were adorned with bouquets of yellow and white gladiolus. Parents of the couple are Mr. and Mrs. William Webber of Carney and Mr. and Mrs. Vincent Fiedorowicz of Crivitz, Wis.

Chantilly Lace
The bride chose a floor length gown of white Chantilly lace fashioned with a Sabrina neckline, long sleeves and a full chapel train which formed a bustle for the reception. Seed pearls and sequins embellished the bodice.

A double crown of aurora borealis and pearls held her fingertip veil of imported French illusion and she carried a cascade of red roses and white carnations.

Matron of honor for her sister was Mrs. Bernard O'Neil Jr. of Powers and bridesmaids were Sharon Davis and Mrs. Jerry Monette.

The matron of honor wore a floor length gown of aqua linen and chiffon styled with a scoop neckline, elbow length sleeves and a flowing back panel.

The bridesmaids were identically dressed in yellow gowns. Matching headpieces completed

Ladies Pari-Mutuel Held At Highland

A ladies pari-mutuel highlighted the ladies activities Wednesday at the Highland Golf Club. Top winners were the teams of Lorraine Johnston, Ruth Hengesh and Mugs Beauchamp.

Bridge prizes for the summer were awarded to the following: Helen Johnson, Blanche Irish and Martha Johnson, high; Margaret Douglas, Alice Cota and Jean Sarnoski, low.

Guest prizes for the day were presented to Doris Erickson, Bernice Robinson and Babe Johnson. Chairman for the day was Mrs. Ivan Kobasic.

A flag tournament will be held next Wednesday, Sept. 13 and chairman for the day will be Mrs. Helen Lewis. She will be assisted by the following Mesdames: Thor Papineau, George Miller, Alex Malmstead, William Weycker, John Hughes, Walter Kulick, Herbert Barry and Roy Swaby.

A dessert bridge is planned for Monday, Sept. 18 at the Highland and reservations are to be made by calling Jean Hengesh, 786-1956 or Ruth Stade, 786-0926.

Births

PINAR — On Sept. 7 at 9:45 a.m. a daughter, as yet unnamed, weighing 7 pounds and 11 ounces was born to Mr. and Mrs. James Pinar of 1607 Lake Shore Drive, Gladstone. The mother is the former Nancy Gissness.

HOWES — Mr. and Mrs. William Howes Jr., of 308 S. 18th St., welcomed their first child, a son, as yet unnamed, born at 8:45 p.m. on Sept. 6. The infant weighed 7 pounds and 12 ounces at birth. The mother is the former Gail Creten.

PASCOE — A son, Steven Michael, weighing 7 pounds and 13 ounces was born to Mr. and Mrs. Robert Pascoe, 1212 S. 22nd St., at 11:42 p.m. on Sept. 6. Mrs. Pascoe was Helen Behan.

If a recipe calls for 1 1/2 cups uncooked hominy grits, count on needing 1 1/2 pound.

Harvest Festival
The Germfask Methodist Church is holding their Harvest Festival Sept. 20 at the church annex beginning at 7:30 p. m.

Mr. and Mrs. Russell Bowersox and Mr. and Mrs. Gene Lawton and family of South Bend, Ind. spent the holidays here fishing and visiting friends.

Mrs. Marge Tobin visited over the weekend with relatives at Garden.

Mr. and Mrs. Bob Meyers and family of Snetter Bay visited here Sunday with the Andersons.

Mr. and Mrs. Norman Nelson and Mr. and Mrs. Robert Lustilla and family traveled to Mass, Mich. on Monday where they visited Mr. and Mrs. George Lemantime.

Abe Nelson of Cleveland, Ohio is spending a few days here with his mother, Mrs. Jennie Nelson and his brother and sister-in-law, Mr. and Mrs. N. Nelson.

Mr. and Mrs. Hugh Beechler of Greenville, Mich. visited here Sunday with Mr. and Mrs. J. J. Riordan.

Mr. and Mrs. Gene Allerton

of Battle Creek spent the holidays here at their cabin on the Rox River.

Local Adventist School Begins New Year

Weekend Guests

Wayne Anderson who is employed in Marinette, Wis. spent the weekend here with his parents, Mr. and Mrs. W. Anderson. His grandmothers, Mrs. Anderson Sr. and Mrs. Meyers Sr. of Marinette accompanied him here for the weekend.

George Flatley of Soo, Canada visited here Sunday with his sister, Mrs. Nettie Miller. Also visiting Mrs. Miller were Mrs. Gordon Flatley and children of Walled Lake.

Mr. and Mrs. Lowell Maxson and family returned to the Soo after spending the summer months at their home here.

Jack Miller who is attending college at Muskegon is home for a few weeks with his parents, Mr. and Mrs. Isadore Miller.

Births

CARON — At 1:26 a.m. on Sept. 7 a daughter, Tracy Lynn, weighing 8 pounds and 7 ounces was born to Mr. and Mrs. Herbert Caron of 327 N. 20th St. Mrs. Caron was Rita Van-Effen.

Don't discard the leafy tops of celery! Put them in a plastic bag in the refrigerator and use for flavoring soups, sauces, stews. Chop some of them fine and add to a tossed green salad.

Local Adventist School Begins New Year

Reminders at school crossings and for-lunch items at the grocery store tell us that it's back-to-school time across the nation this week.

Thirteen of those students are headed for the Seventh-day Adventist School, 210 S. 23rd St. In operation in Escanaba since 1960, the educational unit stresses the importance of the student-teacher relationship.

Adding its own fourth dimension to education without support of tax dollars, the local school follows the same curriculum as the public schools, plus religion, using the Bible as the textbook. Teachers are certified by the state as well as by the denomination.

Teacher, John Llewellyn, graduate of Atlantic Union College, Lancaster, Mass., points out that in maintaining their own schools, Adventists are not necessarily criticizing the public school system.

"We pay our taxes to maintain public schools as well," he said, "however, by operating our church-maintained and tuition-free schools, we feel free to add religious instruction and emphasis on Christian living in our democratic society."

Escanaba's school is one of more than 5,000 operated by the church around the world. Nearly 400,000 students will be enrolled in Adventist elementary,

Nahma

Susan Miron and Tim Miron of Milwaukee are visiting their parents, Mr. and Mrs. Romeo Miron.

Mr. and Mrs. Barry Hartnett and children Linda, Michael and David of Milwaukee spent the weekend at the home of her mother, Mrs. Antone Deloria.

Mr. and Mrs. Homer Mercier of Green Bay is visiting at the home of his sister, Mrs. Nick Genuenden and other relatives here.

Mr. and Mrs. Marvin Waeghe and family of Green Bay spent the weekend at the home of her mother, Mrs. Peter Le-Clair.

MANISTIQUE

Peter Derber

Mrs. Norman Jahn Jr.

High School Has 3 New Teachers

Manistique High School has some new faces on its teaching staff this year, with Peter Derber assigned to English in all four grade levels and U.S. history, Ronald James Baldini in the commercial department, and Mrs. Norman Jahn Jr., teaching U.S. history and physical education.

Arlene Gordanier of Southgate, who has a bachelor degree from Northern Michigan University, will teach vocal music in both the high school and at the elementary level. She is beginning her teaching career here.

Baldini, whose home is in Negaunee, has a bachelor degree from Northern Michigan University and did his student teaching here. He also is beginning his teaching career in the Manistique system.

Mr. Derber received his bachelor degree from Ripon College in Ripon, Wis., and a master degree from NMU at Marquette. He has taught at Stockbridge, and Antigo, Wis., and Escanaba.

Mr. Jahn has a bachelor degree from Central Michigan College and taught in Cooks from 1959 to 1967.

In the grade schools, Faye Anderson, of Manistique, has been assigned to Fairview 5th grade. She has a bachelor de-

gree from Lawrence College in Appleton, Wis., and formerly taught at Engadine, Germfask and Cooks, where she was superintendent.

Bette Jean Haindl Jahn, Jr., will teach first grade. She has a bachelor degree from Michigan State University and taught in Flint last year.

Rev. Richard Hooker, visiting teacher, has an AB degree from Western Michigan with majors in social science and English and also a master's degree. He has attended the University of Michigan and Garrett Biblical Institute in Evanston, Ill. He has served eight years as a Methodist minister and two years as a Congregational minister. He currently serves the Cooks Congregational Church.

Senior Citizens Begin Regular Sing-Alongs

The Drop-in Center for Senior Citizens, at Cedar and Main, held its first in a series of informal "sing-along socials" Friday with Irene Mott of County Road 448, a retired teacher, playing the piano and leading singing.

The songs included "Shine on Harvest Moon," "My Blue Heaven" and "Mighty Like a Rose." Mrs. Mott closed the session with her theme song, "Goodnight Irene."

The sing-along socials will be a regular part of the Friday afternoon and evening program of the Center. Piano players are still needed for Friday evenings. Anyone who wishes to donate musical talent for a few minutes or the whole evening can make arrangements by calling 341-5923.

Senior Citizens are invited to attend. Coffee and tea are served free.

Camp Evelyn Is Recalled

On a recent visit to the Shingleton area, comments were made by persons there about a camp which had been used to house prisoners of war from Germany in World War II.

One woman recalled that the prisoners used to go by in a truck while she was in high school. Another observed that they worked on road projects and were good workers. Others said there was no such camp there.

The Department of Conservation was contacted, at Shingleton and some information on the former Camp Evelyn was received. The camp originally was used for the CCC program and was owned and operated by the U.S. Forest Service and was utilized by the Department of Defense to house German prisoners.

The prisoners were used to alleviate a labor shortage in acquisition of wood products through contracts between the U.S. government and timber jobbers. For the most part they were from Rommel's Africa Corp and were predominantly Aryan Caucasians. They performed satisfactorily and gave no trouble, James H. Bell, general foreman at the Conservation camp reported.

The camp site is nearly all obliterated, a portion of it destroyed when M28 was rebuilt in the 1950s.

A report was requested from the Army information office and was channeled to Herman Goldbeck at the Modern Military Records division in Alexandria, Va., but none has been received.

Bridge Winners Named In Golf Club Play

The Tuesday afternoon Bridge group of the Indian Lake Golf and Country Club met with Mrs. A. J. Cavia, Mrs. Dell Bruley and Mrs. Nelle Peterson as hostesses. Awards were won by Mmes. Leon Nicholson, Ray Prime, Dorothy Shipman and Lorraine Grodesky. Hostesses next week will be Mrs. H. G. Hansen and Mrs. William Sheahan. Reservations should be telephoned to them.

Sue Olsen Receives Award

Sue Olsen, daughter of Mr. and Mrs. Lowell Olsen of Indian Lake left Sept. 4 for Chicago after spending three weeks with her family. On August 10, Miss Olsen graduated highest in her class from Cook County Hospital School of Nursing.

She was awarded the most coveted honor which the school presents, the director's scholarship for study, named the Honor Bar Award.

She will be employed by the Cook County Hospital, and will enroll in the Chicago Branch of the University of Illinois.

ANITA LOUISE IRIE, 502 Alger Ave., became the bride of David Paul McRae Sept. 2 at 7 p. m. The couple will live in Marquette. (Mincott Photo)

Roger Howell Is Transferred

Roger Howell, work unit conservationist for the Schoolcraft County Soil Conservation district since its organization two years ago is leaving on a promotion and transfer to St. Clair County. He will be succeeded here by Erwin Simi, who presently is at Ontonagon.

Howell is a graduate of Wisconsin State University, Platteville, and has been with the Soil service since 1962 full-time. He served in four Wisconsin districts and in Lapeer county before coming here.

Schoolcraft county has a good future with land utilization and some long-range, broad-area planning is underway, Howell said. There are potentials for development in agriculture, forestry and recreation.

The decision to leave is a difficult one, he said, as the area people "are so nice." Howell has been active in Jaycees, Lions, Toastmasters and the Methodist Church.

Effective date of the transfer is Sept. 23. Simi will come in late October.

Briefly Told

Members of the Atwater Extension Study Group and their husbands will hold their annual pot-luck picnic at the Bouscher cottage on Indian Lake, Sept. 11 at 6:30 p.m.

City Briefs

Guests over the Labor Day weekend at the Fred and Ruth Pizzala residence at 176 N. Cedar St. were: Mr. and Mrs. Herbert Pizzala, Mrs. Alice Tieggen and Mr. and Mrs. Vergil Pizzala and family of Flint; Mr. and Mrs. Eugene Pizzala, Mr. and Mrs. Edwin Pizzala and family, and Mr. and Mrs. Frank Pizzala of Waukegan, Ill.

Blind Can Get State ID Cards

Michigan persons who are legally blind and who would like an identification card with their pictures on it may obtain one at the nearest driver license examining station of the Michigan Department of State.

The ID card for the blind is the culmination of new legislation passed during this past session of the Michigan Legislature. They are processed in the same manner as color-photos to Michigan driver licenses.

Blind persons may obtain their IDs at any driver examining station. Fee is \$1.00.

Implied Consent Aid Is Granted

WASHINGTON (AP) — Michigan has been awarded a \$220,709 federal grant for implementation of the new implied consent law, it was announced Wednesday. The funds from the Federal Highway Administration must be matched by state money. The implied consent law permits the testing of drivers suspected of operating an automobile while under the influence of alcohol.

Church Events

The Couples Club will meet on Sept. 16 at 8:00 p.m. at the Robert Broulliere cottage on Dodge Lake for a hot dog roast. Couples in charge are: Mr. and Mrs. Robert Broulliere, Mr. and Mrs. Edward Mathson and Mr. and Mrs. Edward Jorgenson. Couples are asked to bring their own hot dogs and buns.

Personals

Mr. and Mrs. C. P. McNamara have returned home from Blue Lake where they attended a reunion of Mrs. McNamara's family.

Vancouver, B. C., is the third largest city in Canada.

GLADSTONE

Gospel Songfest Is Scheduled For Sept. 10

A Gospel Songfest will be held at the Bayside near Scha-wees Lake on Sunday, Sept. 10, at 2:30 p. m. The Songfest Stringed Sextet will play and special numbers will be presented by Ray Anderson, Darryl Lindquist, the Rev. Lowell Fox family, and a male quartet.

This will be the third Songfest held at Bayside this summer. In the event of inclement weather the Songfest will be held at the Kipling Town Hall. Signs will be placed at the hall and at the Bayside site advising of any change in sites.

Refreshments will be served and the public is invited to attend.

Briefly Told

The Royal Neighbors will meet Friday at 2 p.m. at the home of Mrs. Wilfred Gamble, 624 S. 18th St., Escanaba.

Bake Sale — The Women's Department of the Reorganized Church of Latter Day Saints will sponsor a bake sale on Friday beginning at 1 p.m. at Mathison TV & Radio.

State Police are investigating breaking and enterings at camps at Stonington owned by Jack Kivela, 800 S. 11th St., Escanaba, and Severre Simonson, 1225 Sheridan Rd., Escanaba. A BB gun was stolen from the Kivela camp and a lantern from the Simonson cottage, officers said.

Edward Dormody, Racine, Minn., was ticketed by State Police for making an improper turn after a minor accident Wednesday morning at Bark River. Ruth Ann Wise, Wells, was given a summons for speeding and Robert Peterson, 208 S. 19th St., Escanaba, received a ticket for no proof of insurance.

Nahma

The St. Ann Altar Society will meet Tuesday evening, Sept. 12 at the Nahma Clubhouse.

Visiting Here — Mr. and Mrs. Francis Douville and daughter of Houghton are staying at the John Schwartz cabin and visiting with friends and relatives in the area.

Mr. and Mrs. Frank Bushey and Mr. and Mrs. John Rogers of Milwaukee spent the weekend at the home of their parents, Mr. and Mrs. William Rogers.

Mr. and Mrs. Emil Juncu and Mr. and Mrs. Jerry Juncu and family of Anderson, Ind. are spending a two week vacation at the American Playground Device Co. cabins.

Mr. and Mrs. James Pilon of Chicago and Mr. and Mrs. William Pilon and daughter of Detroit spent the weekend at the home of their parents, Mr. and Mrs. Joe Pilon.

Mr. and Mrs. Tim Krutina and Mr. and Mrs. George Krutina of Milwaukee spent the weekend at the home of their parents, Mr. and Mrs. James Krutina.

Personals

Mr. and Mrs. Glenn Nelson and family spent the weekend at Ashland, Wis., visiting at the home of Mr. and Mrs. Merwin Nelson.

Mr. and Mrs. Ellis Movelson and Billy and Bruce have returned following a ten-day camping trip to Expo '67. They also spent some time at Quebec City and in Montreal.

A2C Rick Ebbesen of Chautauque AFB, Ill., and Roger Ebbesen of Milwaukee, visited over the holiday weekend at the home of their parents, Mr. and Mrs. Harold Ebbesen.

William Spalding Held For Trial On B&E Counts

MENOMINEE — William Spalding, 19, of N. 7th St., Gladstone, was ordered held for trial on three counts of breaking and entering after he waived examination on all three charges when arraigned Wednesday before Justice Emil Ewald.

Spalding was remanded to jail when he failed to furnish \$2,000 bond set on each count. Spalding was charged with breaking and entering the Big R Bar in Powers on Aug. 30, Rodman's Bar in Hermansville on Aug. 28, and the DX Station at Stephenson on Aug. 30.

First Lutheran Resumes Church School Classes

Church School classes at First Lutheran Church will resume their regular schedule this weekend.

Grades 4 through 7 will meet at 9 a. m., Saturday and Nursery through 3rd grade will meet at 10:30 a. m. The 8th Grade class meets immediately following the 10 a. m. Worship Service on Sunday. An adult course, "Belonging to the People of God", on Sunday at 11 a. m.

Textbooks will be loaned to the students but all students in grade 3 through 8 are to bring 50 cents for workbooks.

The Choirs will also resume regular rehearsal schedules. The Junior Choir rehearses at 10 a. m. Saturday and includes children from Grades 3 through 6. Trinity Choir, which includes Grades 7 through 10, meets at 10:30 a. m. Saturday. The Senior Choir rehearses at 7:30 p. m. on Wednesday.

Friendly Python

PALM SPRINGS, Calif. (AP) — Sherwood, the friendly python who disappeared two weeks ago, turned up Wednesday as friendly as ever.

A gardener spotted the eight-foot snake on the Biltmore Golf Course, a mile from David Salk's home.

David Salk, 18-year-old nephew of Dr. Jonas Salk of polio vaccine fame, lost his pet while cleaning his cage.

With RAY CRANDALL

Ging's Bar of Marquette, Upper Peninsula Class A softball champion, reached the finals in the state tournament at Muskegon before bowing to Fowler, 1-0, in a 12 inning battle . . . Werner Maki, a pickup from Woody's, led Ging's to the finals by pitching 45 innings in the tourney . . . Ging's scored victories over Ludington, 3-1; Ann Arbor, 5-1; Port Huron, 1-0; and lost twice to Fowler, 2-1 in 11 innings and 1-0 in 12.

Hillcrest Dairy, U. P. Class C titlist, won its first state tourney game at Petoskey, nipping Port Huron 4-2, but then bowed to Benton Harbor, 4-3, and Grand Ledge, 1-0 . . . Jack's Highway of Gwinn lost two straight in the Class D tourney at Hastings, suffering a 4-0 setback to Petoskey and a 6-0 shutout at the hands of Bay City.

The Norway Knights jumped out in front in the new Land O'Lakes Conference by trouncing Marquette Baraga, 47-6 . . . The Knights piled up 347 yards on the ground and 68 in the air with Dave Silda and Cliff Wollum scoring two touchdowns apiece.

Tailback Pat Miller scored both of Menominee's touchdowns on short runs as the Maroons edged Stambaugh, 13-7, in their season opener . . . Menominee gained 145 yards rushing and 14 passing against 123 on the ground and 70 in the air for the Hilltoppers.

Tom Legault, 13 year old Gladstone golfer, scored a hole in one on the 110 yard No. 4 hole at the Days River course last week . . . He's the son of Mr. and Mrs. Arthur Legault.

Jack Hooper of Iron Mountain, runnerup to Dave Confrey of Houghton in the U. P. men's golf tournament, won the Pine Grove Country Club crown by beating Carlton Polard, 2-1, in the finals . . . Mike Tomasoski, Norway Oak Crest champ will meet Hooper at Pine Grove Sunday, Sept. 10, for the Dickinson County title.

Even if the Menominee High School teachers do not sign their contracts this week, the Great Northern Conference game against the Eskymos here Saturday will go on as scheduled . . . Jack Knispel, former head coach at Menominee who is now an assistant principal, will take over the coaching duties if necessary.

Jim Nowack, a 6 foot 3 inch, 239 pound junior from Kingsford, has been switched from offensive center to defensive tackle in the University of Wisconsin football workouts this week . . . Nowack will play behind Tom Domera, senior letterman from Gladstone . . . John Coatta, new Badger coach, explained the move by saying the team needs help at defensive tackle and has enough depth at center.

L'Anse and Ontonagon battled through three scoreless periods before the Hornets connected on an aerial touchdown for a 7-0 Copper Country triumph . . . Lee Sandburg hit freshman Don Michaelson with the payoff pitch for L'Anse . . . Ken Corbett ran 87 yards with the second half kickoff for Ontonagon but the touchdown was wiped out by a penalty.

Injuries Strike Rock Grid Team Before Season

ROCK — An injury-riddled Rock Little Giant football squad will open the 1967 Wolverine Conference campaign in a home stand against Pembine Saturday.

New coach Don Pavlovski has only one major letter winner back from last year's team that won one of six starts. The lone veteran is senior Matt Ruotsala, halfback and defensive linebacker.

Other members of the squad include Brian Numminen, Larry Koski, Jim Kaukola, Ed Saven, Ralph Johnson, Tom Lippens, Larry Kanerva, Harold Hilling, David Jekel, Dan Conner and Jerry Maki.

Dan Johnson, last year's quarterback, has been lost for the season with an arm injury and Duane Englund, regular center, is out for the year with a knee injury. Gary Brungauer is sidelined with a severe ankle injury.

The complete Rock schedule:

Sept. 9—Pembine here
Sept. 16—Bark River there
Sept. 23—Powers there
Sept. 30—Bark River here
Oct. 7—Powers here
Oct. 14—Pembine there

Highland Golf Results Posted

The team of Lorraine Johnston, Carol Davidson, Bernice Hannaman and LaVerne Deloria won the ladies pari-mutuel at Highland Wednesday.

The second place team was composed of Ruth Hengesh, Clare Rubiein, Lorraine Teal, Mabel Osuind. Third place went to Mugs Beauchamp, Marion Adams, Pat Friets and Jean Hengesh.

Martha Friets shot a 44 for low gross and Bernice Hannaman had a 32 for low net.

Milly Boyce Low Shooter

Milly Boyce took low gross honors in the Escanaba Country Club Women's matches Wednesday with a 44. Ruth Owen and Phyllis Gilstrap shared low net with 33s.

Other low gross scores were shot by Sally Fontaine with a 45, Gloria Hansley 46, Shirley Shomin 47, Harriet Fitzharris, Ruth Owen and Doris Swanson 48, Peg Douglas, Blanche LaCrosse and Alice Gafner 49.

Detroit Ties For League Lead

The Mouse Is Coming

Milwaukee Race Drivers To Compete Here Sunday

The top 10 drivers from the Milwaukee circuit will be among 30 outside modified racers competing in the Sunday night races at the Upper Peninsula fairgrounds oval, it was announced by the U. P. Racing Promoters.

Tigers, Broncs Clash Saturday In Grid Opener

POWERS-SPALDING — New coach Michael Forsberg will have 15 returning letter winners available for action in Saturday's home stand against Bark River-Harris in the Wolverine football conference.

Backfield in the fold for the Tigers are seniors Marshall Christiansen, Richard King, David Pietsch, Scott Riedy, Tom Smith and Roger Stebbins. Juniors Ronnie Deloughary, Daniel Fleetwood, Jack Fleetwood, Douglas Geline and John Nelson and sophomores James Pipkorn, Kim Riedy, Richard Smith and Mark Veaser.

Other candidates include Bruce Murray, Brian Behrend, James Mileski, Steward Perry, Dale Piche, David Behrend, Donald Sharkey and Bob Weiser.

The Bark River schedule:

Sept. 9 - Powers there
Sept. 16 - Rock here
Sept. 23 - Pembine there
Sept. 30 - Rock there
Oct. 7 - Pembine here
Oct. 14 - Powers here

Dischinger Back In Piston Camp

MARYSVILLE (AP)—Veteran star Terry Dischinger was back in National Basketball Association action Wednesday as the Detroit Pistons opened early training camp.

Dischinger rejoined the Pistons this season after two years in the Army.

veteran Miles (Mouse) Melius, currently in first place in point standings at Hales Corners, Cedarburg Raceway, Slinger Speedway and Beaver Dam.

Melius recently captured the 50 lap feature race at Beaver Dam and contributed most of his winnings to the crippled children's fund in that area. He also recently tied the Hales Corners time trial record with a time of 16.67 seconds.

Another top driver on hand will be Billy Johnson of Slinger, rated second at three of the four Milwaukee tracks and last year's leading driver. He recently set a record for winning speed at Hales Corners, averaging 61.40 miles per hour.

Other drivers will include Gene (Pedro) Roehl of Lake Mills who is in the top 10 and a leading midwest midget race driver, Elchie Bierter of West Bend, Faussy Fassbender of Hartford, Bill Goeden of Kewaskum and Niel Sederberg.

These drivers, who have raced before 100,000 fans this summer, will combine with the top modified drivers from this area for the two nights of racing.

The program will also feature the leading drivers in the sportsman class.

Manistique Eyes Second Victory Against Sault

MANISTIQUE — The Manistique Emeralds, fresh from a 34-14 opening victory over Ishpeming, make their first start before the home fans Friday night against Sault Ste. Marie. Kickoff is at 8.

Coaches spent the week stressing blocking, tackling and other individual techniques. The squad came out of the Ishpeming game with only a few bumps and bruises but is "in need of all the boosting it can get, both financial and in spirit," Athletic Director Richard Bonifas reports.

Coach Rick Larson will no doubt stick with his same starting lineup this week. The Emeralds were sparked by full-back Larry Roberts who romped for three touchdowns against the Hematites. Bob Cowman riddled the Ishpeming defenses with a deadly aerial attack.

The invading Blue Devils are smarting from a 33-6 setback suffered to Negaunee in the season opener last week. Reserve football is underway here after a two week delay.

Elks To Play Golf Saturday

The annual Upper Peninsula Elks Invitational golf tournament will be held Saturday, Sept. 9, at the Escanaba Country Club. Entry deadline is Friday.

The 18 hole handicap tournament will be capped by a dinner starting at 6 p. m. at the Elks Club. Prizes will be awarded at that time and all Elks are invited to attend.

First Place In American League Is Like Elephant In Volkswagon

By The Associated Press
First place in the American League is like a can of sardines, an elephant in a Volkswagon, a telephone booth holding 84 college students—Crowded.

Minnesota, Chicago, Detroit and Boston all squeezed into the top spot Wednesday night in a virtual four-way tie which left baseball buffs scratching their heads to recall a similar jam so late in the season.

It took a crowbar to get a percentage point between the four as the Twins and White Sox each sported 78-61 records for a .561 percentage and the Tigers and Red Sox panted that point behind at .560 with 79-72 marks.

"We're purposely doing this," says Chicago Manager Eddie Stanky with a smile. "We want to keep football off pace 1."

On purpose or not the Tigers rushed in by whipping Kansas City in a two-night doubleheader 8-5 and 6-3; the White Sox entered on tip-tilt, nudging California 3-2 in 12 innings; the Red Sox made it by not playing, and the Twins made it all possible by losing an afternoon game to Cleveland 3-2.

No other games were scheduled.

with Rudie Brandstrom, Seb Rubick and Howard Schwartz handling the squad.

There were 55 freshman and sophomore candidates for the jayvee squad. Including the varsity turnout, there are over 100 boys in the program. New players will be accepted through Friday, Sept. 8.

The jayvees will play an abbreviated schedule, opening at Holy Name Sept. 23. Other games will be played against Gladstone here Sept. 30, Munising there Oct. 7, Newberry here Oct. 14 and Marquette here Oct. 20.

John Kelly Golf Champ

MANISTIQUE — John R. Kelly, 24, defeated 21 year old Dan Malloy in the finals of the Indian Lake Golf and Country Club men's championship tournament, 2 and 1.

Kelly took command early in the match and led 5-up at the turn. Malloy rallied to tie the match on the 15th hole, but Kelly won No. 16 and No. 17 to close it out.

Enroute to his first club championship, Kelly defeated Bill Howe in the semifinals. Malloy eliminated his father, defending champion Bud Malloy, in the other semifinal match.

Purdue coach Jack Mollenkopf has coached the Boiler-maker football team the last 11 seasons.

The Twins managed two runs off Tiant, 9-9, in the sixth on Rod Carew's two-run bloop single before Tiant shut the door.

The White Sox, as is their way, made the scene the hard way against still ambitious California, which had won four straight and seven of eight and could have climbed within five games of the top with a victory.

The Sox needed two runs in the 11th on pinch hitter Smoky Burgess' run-scoring double and a passed ball that let in another run to get to the 13th. Then Duane Josephson singled with one out in the 13th and Ken Berry ended the four hour, 43 minute battle with a run-scoring double off Pete Gimino the sixth California pitcher.

The Angels scored first in the 11th as two runs scored on Bubba Morton's single and a ground out.

Mathews, Wilson Set Double Victory Pace

DETROIT (AP)—The vintage bat of Eddie Mathews and the clutch pitching and home run power of Earl Wilson left the Detroit Tigers in a virtual four-way tie for first place in the hottest American League pennant race ever today.

Mathews belted two home runs, driving in three runs in the first game, and Wilson pitched his 20th victory and slugged a deciding two-run homer in the second as Detroit swept a doubleheader from the Kansas City Athletics 8-5 and 6-3 Wednesday night.

The sweep, combined with Minnesota's 3-2 loss to Cleveland, and a Chicago victory over California left four teams a whisker apart in the race.

Minnesota and Chicago are tied for first, one percentage point ahead of Detroit and Boston, which was idle.

White Sox Next
"I figure 16 victories in our last 21 games will do it," said Detroit Manager Mayo Smith. "But I'm not looking any farther ahead than Friday."

The Tigers open a four-game weekend series with the White Sox Friday night with Mickey Lolich facing Tommy John.

"I'm not feeling any pressure," said Dick McAuliffe, who rapped four hits and made some clutch defensive plays at shortstop in the twin-killing. "I'm just playing as hard as I know how."

Mathews, a 16-year major league veteran acquired in a deal with Houston Aug. 17, capped a four-run Tiger rally in the seventh inning of the opener with a two-run homer, putting Detroit ahead 6-4. His first homer, a solo shot, had given the Tigers a 2-1 lead in the fourth.

507 Career Homers
"The second homer wasn't hit as good as the first," said the 35-year-old infielder. "It was a low curve ball. I picked it up."

The homers gave Mathews 507 in his long career, moving him four behind the late Mel Ott, No. 6 on the all-time major league home run list.

"This ball park makes me a better hitter," said Mathews, who has hit four homers for Detroit. "I'm much more relaxed at the plate because I know I don't have to swing very hard to put one out."

He said Houston's Astrodome "was too tough for me. It's a long distance to the fences and the walls are 20 feet high."

Al Kaline drove in three runs in the opener and Willie Horton's clutch bases-loaded single tied the score at 4-4 to set the stage for Mathews' second homer.

Denny McLain, who started for Detroit, retired 12 of the first 13 men he faced before giving up solo homers to Ramon Webster and Dick Green in the fifth. Kansas City knocked out McLain, taking a 4-2 lead in the sixth with Mike Hershberger and Jim Gosger knocking in runs.

Gladding To Rescue
"Denny seemed to get upset when the crowd got on him after the homers," said Smith. "But Fred Gladding came in and got Denny Cater to hit into a key doubleplay to end the inning."

Fred Lasher, who preserved Gladding's fifth victory, got credit for a save, giving up a final run in the ninth.

Wilson, 20 - 10, survived a rocky start to become the first 20-game winner in the majors this season.

"The only time I ever won

20 games was in the service," grinned the big right-hander, who won 18 games last year for his previous big league high.

Smith said Wilson "pitched well after the fourth inning."

Two Days Rest
"He was rocky at the start," Smith added, "but you have to remember he came back with two days rest after going five innings Sunday at Minneapolis, and he just got over a virus attack."

Webster tagged Wilson for his 10th homer, his second of the doubleheader, in the second inning and Cater's single, a double by Webster and an infield grounder by Green put the A's ahead 2-1 in the fifth to set the stage for Wilson's fourth home run in the seventh.

"I hit a breaking pitch for the homer," said Wilson, who slammed the ball into the lower left field seats with Don Wert on base in the seventh.

"But I don't care about the homer or the 20 games as much as the pennant."

The Tigers added insurance runs in the eighth when Mickey Stanley hit his seventh homer and Wert drove in another run with a single.

Kansas City, which had Wilson on the ropes with men on base and less than two out in the fifth, seventh and eighth innings, picked up another run in the ninth on Joe Nosenek's two-out double and a single by pinch-hitter Jim Gosger.

Lions Trade Roger Brown

DETROIT (AP)—The Detroit Lions today traded defensive tackle Roger Brown to the Los Angeles Rams for three high draft choices, including the Rams' No. 1 pick next year.

Illinois and Michigan tied for third place in the Big Ten football race last season, each with four wins in seven games.

Hand Picks Packers For Western Crown

By JACK HAND

NEW YORK (AP)—Green Bay will win the West. Who else? The Packers already have installed an electric heating system to warm the field for the Dec. 31 title game.

The Packers convinced both the NFL and the AFL last season when they added the Super Bowl to their triumphs in the National Football League.

Green Bay's opponent on New Year's Eve probably will be Dallas. Before that game, they must dispose of the Los Angeles Rams, who are the pick here to take the Coastal Division of the West.

It looks like a big season for the snow boot and parka set. Green Bay winds up its regular season at home, Dec. 19. If they win the Central Division, as expected, they play the Coastal winner at Green Bay Sat., Dec. 23. If they win that they play the Eastern champs Dec. 31, once more at Green Bay.

Here's the way the West looks from here:

- CENTRAL**
1. Green Bay
 2. Detroit
 3. Minnesota
 4. Chicago

- COASTAL**
1. Los Angeles
 2. San Francisco
 3. Baltimore
 4. Atlanta

It may take a year or two for Denny Anderson and Jim Grabowski to make people forget about Paul Hornung and Jim Taylor. It may. The Gold Dust Twins are ready to cut loose after watching from the bench most of last year.

When Bart Starr can't play, Zolt Bratkowski can do the job as the Dallas Cowboys discovered in their Aug. 28 exhibition game. The Pack's 20-3 victory in pre-season convinced many Texans that last year's game in the Cotton Bowl was no mistake.

Defense is the big item at Green Bay. Willie Davis, Henry Jordan and Co. plus those three linebackers and a talented defense shut down tight when the enemy threatens.

The runner-up to Green Bay is a wide open scramble. Minnesota appears to have troubles at quarterback, now that Fran Tarkenton's gone. Perhaps, Bud Grant, the new coach, will find the answer early but the safe thing to do is to give him time.

to get things together by mid season.

The Vikings were hurt badly by injuries in training camp and still have troubles with the bomb. Quarterback Joe Knap, obtained from the Canadian League could help.

Despite their shocking defeat by Denver in the first NFL-AFL

game, Detroit appears to be putting things together. Whether Joe Schmidt finally settles on Karl Sweeton or Milt Plum, the No. 1 quarterback will have fine targets in Pat Studstill, Gail Coddill and Bill Malinchak.

Much depends on Mel Farr and the injured Nick Eddy, two prize rookies.

The Lions' defense is getting old together but still can rise to the occasion.

Chicago has many problems, aggravated by retirements, injuries and trades. Jack Concannon's slow recovery from arm trouble has left the quarterback job unsettled. The one big plus is Gale Sayers, the best game-breaker in pro football.

The new divisional setup should prove a boon to Los Angeles, San Francisco and Baltimore, who can handwrestle for a title without having to contend with Green Bay on a home-and-home basis. Atlanta is in the same division but hardly rates as a contender despite improvement.

John Unitas is the reason the Colts are favored in most pre-season polls to beat out the Rams and 49ers. Unitas always has been able to beat San Francisco just by walking out on the field. However, some doubt about Unitas' ability to go all the way has swung this observer off the Colts despite their rugged defense.

Los Angeles can take it all if Tommy Mason and Dick Bass stay healthy. Bass made it in every game last year. Mason, who wears 3 1/2 pounds of tape around his knees, has been a part timer at Minnesota for years. George Allen rested both in the exhibition and hopes to get full use in the regular season.

Roman Gabriel and Bill Munson are capable quarterbacks and they have receivers like Jack Snow, Bernie Casey and Tommy McDonald. Most of all, the Rams have that fearsome four-man front on defense—Lamar Lundy, Deacon Jones, Merlin Olsen and Rosey Grier.

Greer, however, suffered a leg injury last Friday night in an exhibition game against Kansas City and is expected to be sidelined at least two months.

The 49ers, a mixed up club last year, are snuffing big money this season. The defense is questionable but they can move the ball with John Brodie throwing to Dave Parks and John Davidson Crow and Ken Willard running up the middle.

Baltimore's offense sagged last year when they scored only seven touchdowns. Rushing it will be up to the defense to keep them in the game while waiting for Unitas to throw the bomb.

The Falcons have added Tim Moore to help their running game and Randy Johnson should be better with a year under his belt.

Northwestern Will Have Two Top Grid Signal Callers This Season

(First in a series)

By JERRY LIKSA

EVANSTON, Ill. (AP)—Northwestern University's seventh-place Big Ten football team will have a pair of fine-passing quarterbacks in Bill Melzer and Denny Boothe this fall.

The Big Wildcat catch is—who'll do the catching? "We have nobody around like Cas Banaszek and Roger Murphy, who were in a class by themselves and graduated as school record-breaking receivers," Coach Alex Agase ruefully admitted Thursday.

In fact, the wing department—both on offense and defense—is Agase's greatest problem as he prepares for a fourth campaign since he succeeded his former boss, Ara Parseghian, as head man in 1954.

"On defense, we also graduated John McCambridge and Bob Tubbs, who with Banaszek and Murphy, formed the best end unit in my 12-season association with Northwestern," said Agase.

Right from the Sept. 23 opening game against highly-rated Miami of Florida, an uphill climb looms for the Wildcats. Only eight starters return from last year's club which finished in a seventh-place conference tie with Wisconsin and had a 3-6-1 overall record.

After Miami's debut here, Northwestern meets another tough non-conference foe in invading Missouri, the Big Eight before launching its seven-game Big Ten card against Rose Bowl champion Purdue Oct. 7 at Lafayette, Ind.

"We'll be young—with as many as 16 sophomores and juniors on our first two units—but we'll be quick, and a very aggressive and tough team," guaranteed Agase, a Bronze Star and Purple Heart Marine veteran.

Agase expects a sharp season from Melzer, who finished strong last year with 94 hits on 176 passes for 1,171 yards and seven touchdowns. Melzer won

the quarterback job from Boothe last mid-season.

"Melzer finished on a high note in our closing 35-7 upset of Illinois last season and I hope he can take up where he left off," said Agase.

The Wildcats haven't finished higher than sixth in the Big Ten since Agase inherited the job vacated when Parseghian switched to Notre Dame and instant Irish success four years ago.

It will take a lot of luck to improve on that in the coming league race which also sends Northwestern against Ohio State, Wisconsin, Michigan, Iowa, Illinois and Michigan State.

Optimistically, Agase relates, "Defensively, we won't be big, but we'll be pretty quick with a strong suit in our linebackers. We're trying a new defense, allowing us to employ four linebackers at one time."

"We lost two great running backs in Bob McKeever and Woody Campbell, but expect a lot from Chico Kurzwaski and Bob Olson. We plan to throw a lot because our end threat lies in Melzer and Boothe as experienced passers."

"We'll have guys who can catch the ball, but certainly not as good as Banaszek and Murphy. We'll throw more to our halfbacks than in the past."

The spotlight's speedy 180-pound Kurzwaski, who not only led Wildcat rushing last year with a 4-4 average, but also snagged 14 passes for 193 yards.

played in the AL park on Wednesday, Oct. 11 and Thursday, Oct. 12.

All games will start 1 p.m. local time. The ticket prices remain the same as in the most recent seasons—\$12 for box seats, \$8 for reserved grandstand, \$4 for grandstand standing room and \$2 for bleacher seats. In parks where there are pavilion seats, the price will be \$6, Eckert said.

Bob Holbrook, public relations director of the American League, who also attended the meeting, said procedure covering playoffs in his circuit will be announced in about 10 days.

Under AL regulations, should two clubs tie for the lead, they would play a best-of-three series. If three teams tie, a maximum of five games could be played in a round-robin series in which teams losing two games would be eliminated.

In the event of a four-way deadlock, two sets of best-of-three series would be played and the survivors then would play another best-of-three set for the championship.

Opponents in a three-game and four-game playoff would be decided by drawing lots.

agase said, "I usually just get the balls hit straight at me."

Usually mild-mannered Lenny Green got into a name-calling match with Athletics' relief pitcher Paul Lindblad in the seventh inning of the nightcap when he was decked by a high, inside pitch following Earl Wilson's two-run homer.

First base umpire Ed Runge restrained Green when he moved to challenge Lindblad to a fight after belting the next pitch into right field for a single.

"Lenny called Lindblad a few names and Lindblad had no sense of humor," said Runge.

Green said he was a little upset because Lindblad threw a strike on his first pitch, firing the bean ball on the next offering.

"It wouldn't be so bad if he dusted me off on the first pitch," said Green. "But he decks me on the second one when I'm not expecting it. Wilson hit the homer. Why don't they throw at him?"

Outfielder Mickey Stanley just missed a sensational catch on pinch-hitter Tim Laiton's running triple in the ninth inning of the first game.

Tiger Tales

DETROIT (AP)—Tiger Notes & Quotes.

Veteran Eddie Mathews will be 36 in October, but he figures he can still play major league baseball as well as most ball-players.

"I'd like to continue playing," said Mathews, who hit two homers in the first game to raise his major league total to 507, four behind Mel Ott. "I'm 35 years old and in good shape. Somebody about 100 years ago said that you're all washed up at 35. I don't think so."

Jerry Lampe, who started both games at second base, got three hits in seven trips, including his third homer in the second game, and turned in a brilliant defensive play in the field.

"Some players are like vintage wine," said Manager Mayo Smith. "They learn to hit in the twilight of their careers."

The 31-year-old Lampe raced behind second base in the second inning of the nightcap, made a great backhand stab of Dick Green's hot grounder, whirled in mid-air and tossed him out at first.

"I didn't think I could get it," said Lampe. "I usually just get the balls hit straight at me."

Usually mild-mannered Lenny Green got into a name-calling match with Athletics' relief pitcher Paul Lindblad in the seventh inning of the nightcap when he was decked by a high, inside pitch following Earl Wilson's two-run homer.

First base umpire Ed Runge restrained Green when he moved to challenge Lindblad to a fight after belting the next pitch into right field for a single.

"Lenny called Lindblad a few names and Lindblad had no sense of humor," said Runge.

Green said he was a little upset because Lindblad threw a strike on his first pitch, firing the bean ball on the next offering.

"It wouldn't be so bad if he dusted me off on the first pitch," said Green. "But he decks me on the second one when I'm not expecting it. Wilson hit the homer. Why don't they throw at him?"

Outfielder Mickey Stanley just missed a sensational catch on pinch-hitter Tim Laiton's running triple in the ninth inning of the first game.

Employment At All-Time High

WASHINGTON (AP) — The nation's total employment hit an all-time August high of 76.1 million, the Labor Department said here, and a spokesman called it evidence of "a moderate and orderly resumption of economic expansion." At the same time, the nation's unemployment rate edged down to 3.8 per cent of the civilian labor force, a decline of one-tenth of one per cent from July.

"After the soft period in the economy the first half of the year, the economic expansion has begun to re-emerge in an orderly way," said Commissioner Arthur M. Ross of the Bureau of Labor Statistics.

The record August figure for total employment followed July's all-time high job figure for any month of 76.2 million, and Ross said the two-month figures showed employment rising in most segments of the economy.

'Newman Day'

TWIN FALLS, Idaho (AP) — Residents celebrate "Newman Day" Sept. 20 in honor of John Michael Newman who is enlisting to join his six brothers in the U. S. Navy.

City Commission Chairman Egmon Kroll, who issued the proclamation honoring the Kirby Newman family, Twin Falls, said this is the first time in the history of the Navy that seven members of one family have served at one time.

The six older brothers have a total of 49 years of service.

Tembys Leave Fabulous West

BY J. L. TEMBY

Mr. and Mrs. J. L. Temby of 1839 Ludington St., Escanaba, are on their way home after a tour of more than 20,000 miles through the U.S.A. and Canada. "It's great—but we'll be glad to get home," they report.

We left Glacier National Park Aug. 23 and are now headed homeward. It was hard to say, "goodbye" to Glacier and to the mountains that had become so friendly to us. But we are anxiously looking forward to seeing our relatives and friends again.

Two tragedies shocked us during our 12 days in Glacier. First — two young girls, Park hotel summer employees, were mauled and killed by grizzlies on Sunday, Aug. 13 and one of their companions, an 18 year old boy was badly mauled but will probably recover. On the same afternoon our neighbor's tent was knocked over by a black bear. Park rangers, armed with high-power rifles, hunted down and killed four grizzlies, at least one of which had human flesh and hair in its claws.

Next — the worst forest fires in the history of the Park are raging uncontrolled and during the past week over 5,000 acres have been laid waste. A thousand weary fire-fighters are barely able to cope with the very dangerous situation. Everyone is praying for rain but none is sight.

Beauty of Rockies

Now to retrace our past weeks a bit. We entered Canada on July 13, and moved along the beautiful new Trans-Canada Highway through Mt. Revelstoke and Glacier (Canada) National Parks and found a good campground in Yoho National Park. These three parks have only recently become accessible by virtue of the new highway. This is rugged, untamed country with some marvelous scenery.

We crossed the Continental Divide on July 21 and spent the next four days in Lake Louise campground, the most beautiful single spot in the Canadian Rockies.

One side trip from Lake Louise is a must — the eight mile drive into Moraine Lake and the Valley of the Ten Peaks. It is one of the most impressive spots in the Canadian Rockies.

SPRIT ISLAND in beautiful Maligne Lake is an impressive subject for this photo by Temby, whose travel pictures and talks have delighted Escanaba audiences for the past several years.

The 150 miles from Lake Louise to Jasper took us a full day and is one of the most beautiful in America. We enjoyed two memorable side trips out of Jasper. One, to Edith Cavell Mountain — by way of a steep 19 mile side road — where we were thrilled by the beautiful Angel Glacier. During the two hours we spent hiking up the moraine, huge masses of ice kept breaking from the glacier and crashing into the valley below.

Ride On A Glacier

The second trip was to Maligne Lake, which is described by many as a happy combination of the beauty of the European Alps and the Norwegian Fjords. We've never been to Europe so cannot confirm the comparison. The trip involves a 30 mile drive, a five mile bus ride through the forests on an old jeep road and a 34 mile round trip by boat.

About 65 miles south of Jasper we stopped at the Columbia

Ice Fields and took the very rough but thrilling six mile snowmobile ride up on Athabasca Glacier. It was a real bone-shaker!

The short side trip into Peyto Lake — about 27 miles north of Lake Louise is another must. Many people told us Peyto gave them a bigger thrill than did Lake Louise. The first sight of it made a terrific impact upon us.

Banff, normal population about 4,000, summer about 30,000, is a very busy place with traffic almost as bad as in Chicago. However we enjoyed our six days there but were handicapped by some poor weather. We had one fairly good day for our Sulphur Mountain Gondola Lift ride. The view of Bow River Valley from the top is a magnificent one.

Need Trailer Parks

We were very much impressed with the Canadian campgrounds. Many of them are large and are well regulated.

Tunney, Mt. campground had 302 modern spaces for trailers and nearly a 1,000 spaces for tents. Also all the way across our own Country we found ourselves comparing the trailer parks available to us with those in Escanaba. Some little towns of only two or three thousand would have three or four modern parks with "all hookups" — water, sewer and electricity.

Escanaba is sadly lacking in even modern parks or at least was when we left home last year. We hope there has been an improvement. We've talked to a number of merchants who told us they get a tremendous amount of business from trailers.

After a short visit with Airstream friends in western Wisconsin and a few days with our son Bob and family in Mundelein, Ill., we'll head north on the last leg of our long trek of over 20,000 miles around the U.S.A. and Canada.

SNOWMOBILE RIDE on the Athabasca Glacier was "a real bone shaker," the Tembys discovered. But they found the ride a thrilling as well as chilling experience.

Police Dog Finds 2nd Lost Child

HOUGHTON LAKE (AP) — Chip is back on the beat today — just another member of the Michigan State Police.

But the 90 - pound German shepherd tracking dog sniffed the way Wednesday to his second child rescue in three days among the deep woods of upper Michigan.

Chip and his handler, Trooper Clare Helms of the Houghton Lake State Police Post, found 3 - year - old David Weathers about two miles into dense woods in rural Kingsley.

Two days before Chip and Helms found 18-month-old Lisa

Hooper more than a mile deep in heavily wooded country near her parents' resort cottage in western Leelanau County.

"The boy was in a little valley in the woods," Helms said. "He was curled up under a tree, asleep."

"I wouldn't even have seen him, but Chip just ran up and sniffed and licked his face. The boy woke up and started petting Chip."

David, the son of Mrs. Jessie Weathers of Traverse City, had been missing more than five hours after apparently wandering away from his grandmother's home.

Two Coast Guard helicopters, State Police, Grand Traverse County Sheriff's deputies and volunteers searched to no avail until Chip came to the rescue.

Chip joined the Michigan State Police about seven years ago at age two. He's worked with Helms since and has found about a dozen missing children.

"He was trained for finding lost people, escaped convicts and lost or stolen property, among other things," Helms said. "This spring we tracked down a fellow who'd assaulted an elderly woman."

Off duty, Chip is like a pet to Helms' four children. "He's just a member of the family."

The Football Hall of Fame is located at Rutgers University, New Brunswick, N. J.

Fires Boost Building Cost

DETROIT — Builders in the Detroit area report West Coast lumber industry news is ominous.

Donald F. Currier, president of the Currier Lumber Co. and an officer of the Detroit Lumbermen's Association, said that lumber conditions today are the worst in his memory as far as availability is concerned.

He predicted that builders will have to pay \$200 to \$250 more per average home for lumber as the wholesale prices of lumber spiraled upwards.

Builders are expected to pass on the lumber cost hike to their customers, adding another factor to the already high cost of land and building of new homes.

"West Coast logging has practically come to a standstill because of forest fires and the threat of forest fires," Currier said. "Thousands of acres of forest land are ablaze."

"The virtual cessation of logging in the Northwest has seriously cut the lumber supply. Recently we ordered 100 car-loads and received 70, as the supply diminishes the price of lumber increases."

Named Manager

PORTLAND (AP) — Thomas H. Adair, 50 staff engineer with a Grand Rapids consulting firm, has been named village manager, succeeding Larry Wentette who resigned to return to school.

State Borrowing For Cash Cushion Given Approval

LANSING (AP) — The Municipal Finance Commission has approved the borrowing of \$60 million by the state to serve as a cash cushion to make up for a drain on the State Treasury.

The commission also approved \$15.7 million in general obligation bond applications for the city of Detroit.

The \$60 million is the first part of \$100 million which State Treasurer Allison Green says is needed to meet demands on the treasury, mainly from school aid.

Green told the State Administrative Board Tuesday that an estimated \$90 million is needed for school aid every two months.

As of Aug. 31, Green said, the treasury had \$157.7 million in cash on hand. However, the balance is expected to dwindle toward the first of the year until receipts from the new state income tax begin coming in.

The Detroit bond applications included \$5.9 million for buildings and improvements; \$2.5 million for extensions and additions to the sewer system; \$2.4 million for continuance of a west side industrial rehabilitation project; and \$1.2 million for streets.

Water Standards Hearing Sept. 27

LANSING (AP) — The first public hearing in the state's program of setting up water quality standards for Michigan lakes and waterways will be held Sept. 27 at East Lansing.

Loring F. Oeming, executive secretary of the State Water Resources Commission, said more hearings will be announced later.

The standards are designed to preserve most inland waters for a variety of uses including recreation activities and sport fishing.

Gundlach Low On Michigan Tech Bid

LANSING (AP) — Low bidders on a major construction project at Michigan Tech, Houghton, were approved here by the State Administrative Board.

The projects and low bidders: Administration building at Michigan Tech — architectural, Herman Gundlach, Inc., Houghton, \$1,043,690; mechanical, Modern Plumbing, Heating & Supply Co., Marquette, Wis., \$384,197; electrical, M.J. Electric Inc., Milwaukee, Wis., \$61,770.
